

ALABAMA SCIENCE AND ENGINEERING FAIR

April 3 – 5, 2008

SPECIAL NOTICE – Please read carefully

- 1) While we do allow entrants to include pieces of equipment to be included in their displays, all such equipment must comply with ISEF safety rules (http://www.sciserv.org/isef/about/rules_regulations.asp). The University of Alabama in Huntsville cannot accept responsibility for equipment that becomes broken or inoperative during the event.
- 2) If your display includes a portable computer or other valuable device which can easily be removed, you may wish to include it only when you stand by your project for interview by the judges. At other times you may leave a note or a photograph of the missing items.
- 3) ISEF rules require that all projects be reviewed in detail before they can be entered. For this reason ***you must get your application in no later than 31 March***. Late entries may not be eligible for certain awards and may have points automatically deducted from the scores given by the judges.
