## Compensation Analysis by Job Function, Salaried Employees: Primary Job Function Summary and Writers & Editors by Experience

The following data is appropriate for compensation analysis, because the information is broken down by job function. Note that other factors may have a significant influence, such as whether a communicator works in government or in a company. See the Demographics section. In addition, other qualitative factors influence compensation, such as specific experience and practices in a given industry. **These data are for full-time workers who reported annual income for a full year.**
