Dear Applicant:

The Dean of Graduate Studies has given various graduate programs authority to waive the GRE requirement. The ISEEM Department will grant waivers for certain MSE seeking students who meet the following requirements:

If the student making application to the MSE degree program has

- 1) a BS degree in engineering from an ABET-accredited university,
  - 2) has a GPA of 3.0 or better, and
  - 3) has had five (5) years professional experience past the BS degree,
- then a waiver may be granted.

To be considered for a GRE waiver the student should provide the ISEEM department a resume along with their Graduate School Application. The resume should contain information about the student's employment history and professional accomplishments. Included should be professional licenses, publications, and awards.

Note that the GRE waiver will not be granted for students applying to the Ph.D. program.

Please forward all material requested above along with your application to the address below.
