		BUSINESS CLASSIFICATION	LB	LB
<p>EZGO Division of Textron Inc. does not meet specs. The specs require the shuttle to have a key start, but the EZGO/Cushman gas shuttle 6 utility vehicle has a pedal starter. This would be a liability, safety hazard, and security issue when left untended. The bid is awarded by total low to Jerry Pate Turf And Irrigation as the lowest responsible bidder, meeting specifications.</p>				PKH 09/24/2013
