

Wireless Local Area Network Installation, Distribution and Configuration (P0086.RV01) Tabulation

Award Criteria	Weight	Computer Support Systems	Jeffcoat and Associates	Blackbox
Qualifications to include but are not limited to: Skills, facilities, capacity, experience, responsibility, previous work record, financial standing, and the necessity for prompt efficient completion of work described.	20%	20	18	16
			(-2)Insufficient Wireless integration details (i.e WAP/WISM counts, PoE)	(-2)Did not submit Corning Certification (-2)Did not submit Leviton Certification
Technical Merits to include but are not limited to: Availability, fault tolerance/redundancy, bandwidth/capacity, simplicity/elegance of design, standards compliance, configuration and management, and security.	35%	32	32	20
		(-3) Lack of survey footprints and summaries	(-3)20%/80% Proportion of 2600/3600 model AP Equip. proposed.	(-3)Increased overhead managing 24 buildings with different UTP and fiber infrastructure warranty. (-3)This would void existing Leviton warranties. (-3)Loose tube fiber spec required (tight buffer proposed) (-3) No mention of adding Aps at no cost to meet performance guarentee. (-3) Only AP model 2600 w/integrated antennaes quoted
Price	20%	20	15	10
		\$1,254,963.20 (2600AP Option)	\$1,742,028.07	\$2,086,572.04
		\$1,326,771.20 (3600AP Option)	(-5) 30% higher than lowest bidder	(-10) 60% higher than lowest bidder
Implementation Plan to include but are not limited to: Clear and concise implementation and expansion strategy	20%	18	14	18
		(-2) Did not include day increment schedule	(-2)Completion deadline does not agree with sub (CDI) proposed deadline. (-2)CDI statement that they reserve the right to reallocate employees at will brings concern over project continuity.	(-2) No implementation schedule with milestones.
			(-2)Lacks specifics in asset distribution and plan implementation.	

Award Criteria		Computer Support Systems	Jeff Coat and Associates	Blackbox
Conformance to include but are not limited to: adherence to proposal specifications, requirements, terms, conditions and provisions.	5%	3	3	1
		(-2)Design disclaimer raises questions about component integration responsibility expected from vendor.	(-2)Concern over CDI statement work.	(-4) Did not comply with bid requirements to be Corning and Leviton Certified. Proposed a different type of wiring than required in specs.
Total Proposal Score	100%	93	82	65

Proposal is awarded to Computer Support Systems based off of award criteria.
