

**The University
Of
Alabama in Huntsville
Fall 2015
Career Fair Event Guide**

- Career Fair Information
- Resume and Cover Letter Preparation
- Networking Tips
- Interview Day Preparation
- Complete Listing of Companies Attending

Career Fair Admission

- ONLY currently enrolled UAH students and alumni are admitted into the career fair.
- Current students must present their Charger ID at registration the day of the event. Alumni must provide ID and register at the alumni table the day of the event.
- Professional dress is required for admittance. If you are unsure what to wear, please contact the Career Office for assistance. Due to the amount of time that you will be on your feet at the event, we encourage you to wear conservative, comfortable, professional shoes.
- Do your research! Review the companies on the Registered Employer list to see how your major and experience fits the needs of the company.
- Be prepared to speak about your interests and the type of position that you're interested in. Be as clear and concise as possible. The recruiters are there to assist you and provide information, but unless they know specifically what your goals are, they may not be able to help.
- Attend workshops presented by your career coordinator or the career office.
- Take advantage of as many employer led information sessions or workshops as possible. Remember this is another way to network and make connections.
- Bring multiple copies of your resume on resume-quality paper which can be purchased at any office supply store but remember that most companies will ask you to upload your resume. Be sure to do that and then follow up with them!
- Plan to be there as early as your schedule will allow.

RESUME CHECKLIST

Did you...

- ✓ ...use one inch margins top, bottom and sides?
- ✓ ...use simple and consistent font? Minimum size 11 font?
- ✓ ...put your contact information at the top?
- ✓ ...leave off personal information like marital status, race, gender, pictures and social security number?
- ✓ ...include your full mailing address, phone number with area code and e-mail address?
- ✓ ...use a professional e-mail address (e.g. john.doe@uah.edu, jd001@uah.edu)?
- ✓ ...list that you are currently enrolled at the University of Alabama in Huntsville?
- ✓ ...include your major, estimated graduation date and GPA?
- ✓ ...list your work and school experiences in reverse chronological order (most recent listed first)?
- ✓ ...NOT use “I”, “me”, “we”, etc.? The subject is understood (not stated) in a resume.
- ✓ ...list the names of your employers, location of employer, job title and dates of employment? Note: If you are using a Functional Resume, you may not list this information.
- ✓ ...use periods at the end of full sentences?
- ✓ ...use present tense when writing about current employment and use past tense when writing about previous employment?
- ✓ ...leave OFF the statement “References Available Upon Request?”
- ✓ ...check your spelling very carefully?
- ✓ ...print resume on good, quality paper? Neutral color (white, ivory)?

Sample Cover Letter

Jane Doe

123 Penny Lane ♦ Huntsville, Alabama 35801 ♦ (256) 123.4567 ♦ jane.doe@uah.edu

Month, Date, Year

Mr. John Doe
Human Resources Manager
ABC Engineering Company
1 Widget Street
Anytown, State 12345

Dear Mr. Doe

As a motivated engineer who has recently graduated with a Masters' Degree in Industrial and Systems Engineering, I noted your advertisement for a Quality Control Engineering on Charger Path. I welcome the opportunity to demonstrate how my qualifications match the requirements of this position perfectly.

My education, skills and experience as set out below demonstrate that I am ready to bring value to ABC Engineering; a company whose reputation for quality and service are well-known in the industry.

- Received my Masters' Degree in May, 2012 and graduated with honors.
- Earned the top grade in my masters' thesis and final project.
- Gained Lean Six Sigma Certification.

My strong academic background confirms my ability to not only meet, but exceed both company and industry requirements for this position. In addition, I have two years' experience co-oping with Future Engineering where I gained extensive experience in this field by working as the lead on Project X.

I look forward to speaking with you further about my education and experience as it pertains to this position. Thank you for your time and consideration.

Sincerely,

Student Name

Enc. Resume

Networking 101: Making Connections

Getting Started

- Dress to make a professional statement.
 - Be sure you have pockets or a **small** purse to tuck away business cards you receive.
- Research people, businesses and organizations on LinkedIn.
- Prepare your “elevator speech.”
- Practice shaking hands.

At the Event

- Show confidence when entering the room.
 - Remember that non-verbal cues can speak loudly!
 - Keep your chin up
 - Make eye contact
 - Smile easily
 - Say Hello to others
 - Maintain open body posture – no folded arms
- If presented with a name tag, wear it on the right side.
- Get to know the other guests.
 - Establish rapport – begin by being a friend
 - Introduce yourself
 - Make polite conversation
 - I saw on LinkedIn that you’re involved in (organization). I’m very interested in ___ as well.
 - How long have you been a member of (organization)?
 - What advice do you have for me as I enter this field?
 - Be engaged in conversation; actively listen; ask questions.
 - Be sure not to monopolize one person’s time.
 - Mingle – do not talk only to friends.
 - End conversations by politely excusing yourself.
 - If you made a positive connection, you can email that person later to thank them for their time and follow up with questions or comments.

Refreshments

•••

Learn how to manage a plate, napkin and glass in your left hand.

Keep your right hand free for shaking hands.

Eat small portions.

Never hang around the food table.

You can find a place to take a few moments to eat away from the crowd.

Time to Leave

•••

Wrap up last conversations.

Find and thank your host.

Do not make a plate of food to go!

*As soon as possible, jot down any notes that will help you remember people and/or conversations. Use the backs of their business cards. Anything that you can do to avoid mix-ups later is advantageous!

Tips for a Successful Interview Day

- ✓ Several companies attending career fair will participate in an optional campus interview day the day following career fair.
- ✓ Some employers post positions and fill their interview schedule up prior to the event while others like to select candidates at career fair.
- ✓ If you're selected to interview, you'll receive a card with the company's name and your interview time and location.
- ✓ Remember to be on time for your interview. Being punctual is always necessary, but especially so on Interview Day. Companies stack their interviews up back to back throughout the whole day.
 - Being late to the interview can definitely cost you the job!!
 - If you find that you are running late, notify the career office immediately! 824-6741 or chargerjobs@uah.edu
- ✓ Professional dress is required and if you need to wear what you wore to career fair, don't worry that the employer will remember what you wore or think badly of you. They understand that you may not have a complete professional wardrobe just yet.
- ✓ Bring another copy of your resume, your references and a copy of your unofficial transcript for each interview – you may have multiple interviews that day.
- ✓ Be clear, concise and complete in your answers during the interview. Remember you don't have much time to make a great impression!
- ✓ Above all, relax...but not too much! Employers want to know what you know but they also want to know who you are. Being pleasant is a plus.
- ✓ Do your research on the company. Know who they are and how you fit their needs.
- ✓ Follow up with a thank you after the interview.

3-GIS, LLC

Alabama Department of Environmental Management

The Alabama Department of Environmental Management (ADEM) administers all major federal environmental laws, including the Clean Air Act, Clean Water Act, and Safe Drinking Water Act, and solid/hazardous waste laws. ADEM also monitors environmental conditions in Alabama, recommends changes to state laws, and revises regulations as needed to respond appropriately to changing environmental conditions.

<http://www.dhr.state.al.us/>

Alabama Department of Human Resources

The Department of Human Resources was created in 1935 to administer to the assistance programs that were part of the Social Security Act. These programs were developed to help an American public that was suffering through the financial hardships of the Great Depression. The agency's original name was the Department of Public Welfare. In 1955, it was renamed the Department of Pensions and Security. The current name was adopted in 1986. Some programs have changed over the years to meet the changing needs of Alabama. However, the agency's primary goal has always been and always will be to help people in need.

www.stacktest.com

Alliance Source Testing

We are strictly a industrial customer service driven organization. We do not manufacture, design, or distribute products. Our employees are required to travel 85% to 98% of the time to conduct air sampling operations on-site at industrial facilities around the U.S, This is team travel and is an essential function of the job.

We will support the professional and social improvement of the profession and its members through education, advocacy, and the exchange of knowledge.

<http://www.amrdec.army.mil/AMRDEC/>

Aviation and Missile Research Development and Engineering Center

Expert knowledge is a pillar of our military profession, and the ability to think clearly about war is fundamental to developing expert knowledge across a career of service. Junior leaders must understand war to explain to their Soldiers how their unit's actions contribute to the accomplishment of campaign objectives. Senior officers draw on their understanding of war to provide the best military advice to civilian leaders. Every Army leader uses his or her vision of future conflict as a basis for how he or she trains soldiers and units. Every commander understands, visualizes, describes, directs, leads and assesses operations based, in part, on his or her understanding of continuities in the nature of war and of changes in the character of warfare.

Anglin·Reichmann

A top U.S. exporter, the company supports airlines and U.S. and allied government customers in 150 countries. Boeing products and tailored services include commercial and military aircraft, satellites, weapons, electronic and defense systems, launch systems, advanced information and communication systems, and performance-based logistics and training.

<https://www.boisepaper.com/boise.html>

Boise Paper

Since the founding of Boise-Payette Lumber Company in 1931, Boise has been a proud member of the forest products industry. Under the name Boise Cascade, Boise began manufacturing kraft paper at a brand new mill in Wallula, WA, in 1958. Throughout the following decades, Boise Cascade built and acquired additional paper mills including our current mills in International Falls, MN, and Jackson, AL. Despite an expanding business focus – that at one point grew to include home construction, recreational vehicle production, and even cruise management – the Paper division has always remained a core business. In 2008, Boise Cascade sold the Paper division to an investment firm, which resulted in the formation of Boise Inc. – an organization focused intensely on safe, sustainable manufacturing and meeting customer needs. Our parent company, Packaging Corporation of America (PCA), acquired Boise Inc.'s paper and packaging assets in 2013. They continue to operate the Paper division with an emphasis on the highest level of customer service and operational excellence.

Intergraph offers competitive salaries, benefits and a highly professional working environment.

<http://www.kmmgusa.com/>

Kia Motors Manufacturing Georgia

On Nov. 16, 2009, Kia Motors Manufacturing Georgia, Inc. (KMMG) began mass production of the 2011 Kia Sorento, the first vehicle produced at the brand new state-of-the-art facility in West Point, Ga. There were several important events leading up to that momentous day at Kia's first North American automobile manufacturing plant including the announcement on March 13, 2006, that a Site Acquisition and Development Agreement had been signed between the State of Georgia and Kia Motors America (KMA), Kia's sales and marketing headquarters in the United States, to bring the \$1 billion plant to the 2,259-acre site in Georgia. This project is the largest in the state's history. A grand opening ceremony was held at the plant on Feb. 26, 2010, and attended by guests from across the world, including Mr. M.K. Chung, chairman of the Hyundai Motor Group, and Georgia Gov. Sonny Perdue.

Since then, the Kia Sorento has taken off as the most successful Kia vehicle of all-time in the U.S., leading the way with record-breaking sales since production began. This is a testament to the focus and pride each KMMG team member places on building a quality vehicle.

People are the heart and soul of this company. The ongoing devotion of our Team Members greatly contributes to the remarkable success of Kia in both quality and sales.

KMMG has now hired more than 3,000 team members at its West Point location. When factoring in positions created at suppliers throughout the region, more than 10,000 jobs have been created in association with KMMG.
