Comoros   Democratic Republic of the Congo    Nigeria    Solomon Islands
Congo    Equatorial Guinea   Niger    Somalia

Source: World Health Organization Global Health Observatory, Tuberculosis Incidence 2012. Countries with incidence rates of ≥ 20 cases per 100,000 population. For future updates, refer to apps.who.int/ghodata.

Have you had frequent or prolonged visits to one or more of the countries listed above with a high prevalence of TB disease? (If yes, CHECK the countries, above) ○ Yes ○ No

Have you been a resident and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)? ○ Yes ○ No

Have you been a volunteer or health-care worker who served clients who are at increased risk for active TB disease? ○ Yes ○ No

Have you ever been a member of any of the following groups that may have an increased incidence of latent M. tuberculosis infection or active TB disease – medically underserved, low-income, or abusing drugs or alcohol? ○ Yes ○ No

The significance of the travel exposure should be discussed with a health care provider and evaluated.
