UAH INTERFRATERNITY COUNCIL

OUR FRATERNITIES

ALPHA TAU OMEGA

ATO is a leadership development fraternity dedicated to forming the quality brotherhood vital to all men. ATO enthusiastically hosts two major philanthropy events, ATO Auto Emporium and Battle of the Buffalo. As the UAH Chapter of the year, Alpha Tau Omega is committed to the development of our brothers to become the men they are destined to be through love and respect.

DELTA CHI

Delta Chi is a 54 member chapter dedicated to promoting friendship, developing character, and assisting in the acquisition of a sound education through a strong brotherhood. We have many opportunities for leadership and growth through our brotherhood, philanthropy, and fundraising events.

PHI KAPPA PSI

Phi kappa Psi is the fraternity for those who plan to live every day to its fullest. We pursue not just academic excellence but also excellent experiences. Within our strong band of brothers, boys grow to be men, sheep turn into wolves, and brotherhood lasts forever. Within our fraternity, you have an opportunity unlike any other for your voice to be heard and acted upon. Few have the privilege, nay the nobility, to join those who Live Ever and Die Never

PI KAPPA ALPHA

Pi Kappa Alpha is an international fraternity dedicated to developing men of integrity, intellect, and success by fostering a truly lifelong fraternal experience. At UAH, Pikes pride themselves on their competitive spirit, their contributions to the community, and their personal and professional connections to their brothers both at UAH and around the world.

SIGMA NU

Sigma Nu is an organization of men who strive to lead others by making use of our Fraternal Headquarters Mission Statements - To develop ethical leaders inspired by the principles of Love, Truth, and Honor - To foster the personal growth of each man's mind, heart, and character - To perpetuate lifelong friendships and commitment to the Fraternity. Sigma Nu is dedicated to Excelling with Honor while staying committed to our founding principles, leadership, and ethical living.

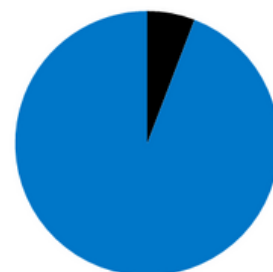

COMMUNITY

CAMPUS INVOLVEMENT

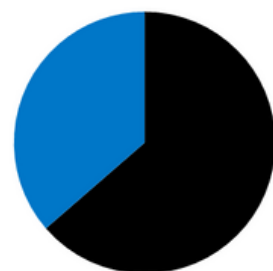

Student Body

Despite Greek life at UAH being smaller than other campuses, our members make up a large percentage of the leadership positions on campus

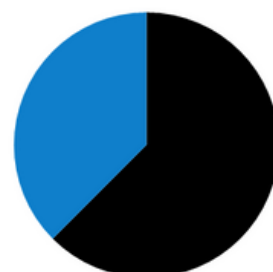

Orientation Leaders

Seven out of the eleven 2022 Orientation Leaders are members of IFC fraternities. Continuing our tradition of being leaders and mentors for incoming freshman

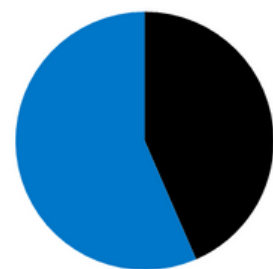

Career Services Ambassadors

IFC makes up 62.5% of the career service ambassadors who lead professional workshops, critique resumes, and help with career fairs.

Student Government Association

Approximately 44% of the men in the 2021-2022 SGA were apart of IFC fraternities including the SGA president.

ACADEMICS

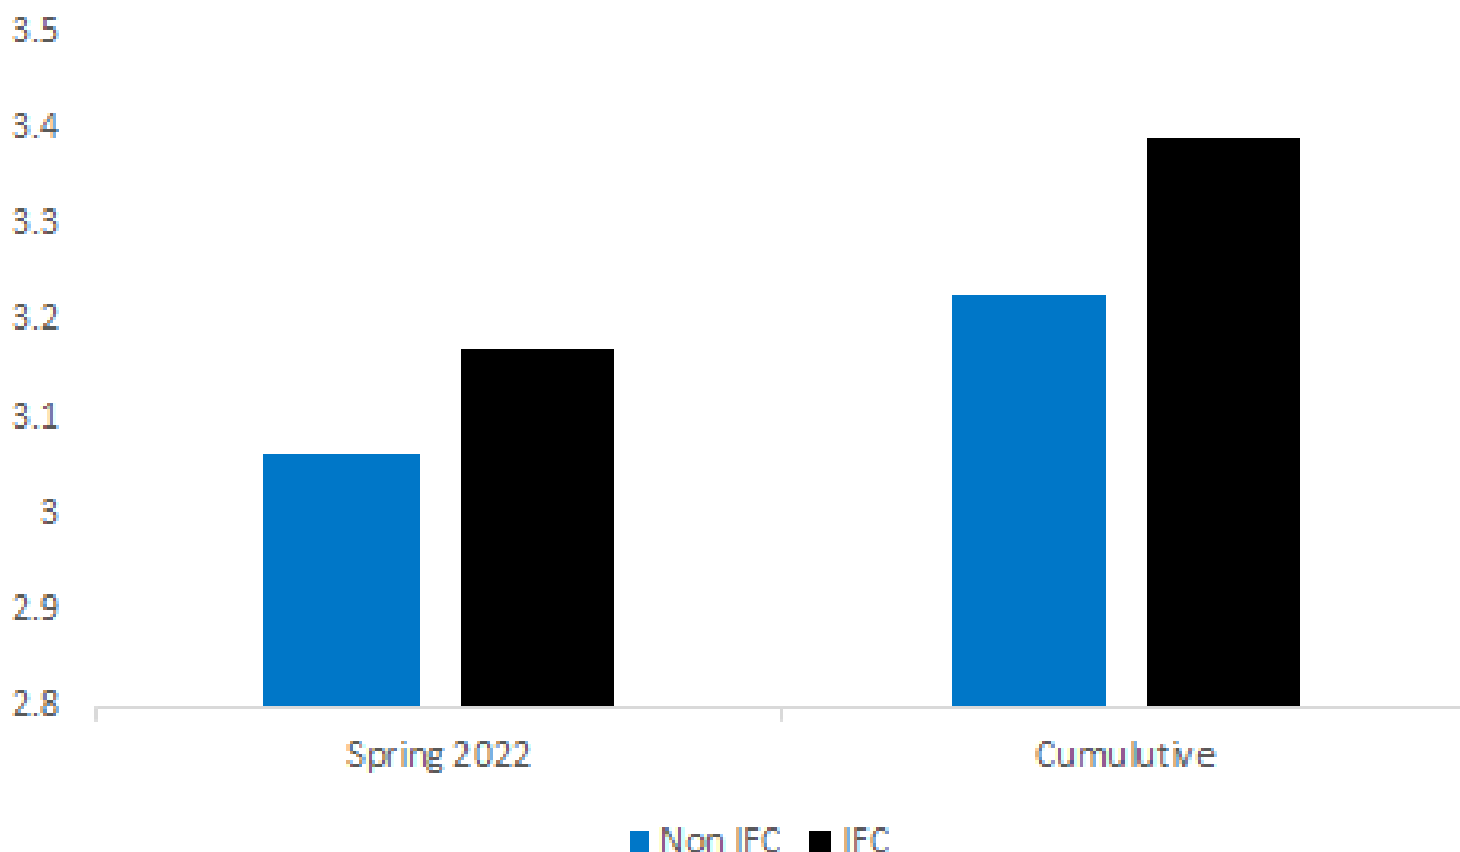

Greek life at UAH has always been focused on its academics, consistently ranking higher than the rest of the student body.

In spring of 2022 the IFC fraternities had a semester GPA of 3.17 while men not in fraternities had an average of 3.06.

This difference can be seen more so in the cumulative GPA of men at UAH. The average total GPA of men in IFC was 3.39 while the non IFC average was 3.23

PHILANTHROPY

The men within the fraternities of this council would not be the men they are today without help from our respective communities. One way we give back to these communities is through philanthropy. In the past academic year the men within the Interfraternity Council raised over \$130,000 and gave all proceeds to charity

Battle of the Buffalo
Round 13 which raised
\$60,269 for cancer
research

Lobster Fest for Saint
Thomas Episcopal
Church raising money
for charity

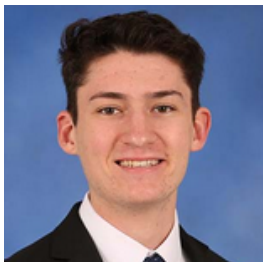

COMMUNITY SERVICE

IFC Service Saturday at Mana House in
conjunction with SOAR

Another great way to give back to our community is through service. All IFC fraternities require its members to get community service hours, however, most serve not because it is required but because we are able.

TESTIMONIALS

"Being a part of a fraternity added a great deal of value to my experience as an undergraduate. It provided me a community of peers that pushed me to succeed not only academically, but also personally and professionally. Participating in fraternity and sorority life gave me a sense of belonging that connected me to my campus as well as the larger network of brothers across the world. My college experience wouldn't have been nearly the transformative experience that it was without my membership in my chapter."

"The ability to be a part of not only a community, but a brotherhood was essential in my development as a friend, student, and leader. Feeling that constant support from those around you and knowing they want you to succeed drives you to become your best self. As a brother I was encouraged to not only focus on academics but to grow myself and the people around me. The lessons I learned are now characteristics of who I am, and I am forever grateful for my decision to rush a fraternity at UAH."
