

**Advertisement to Qualify General Contractors
for
The Invention to Innovation Center
I2C
The University of Alabama in Huntsville**

INTRODUCTION:

Fuqua & Partners Architects, P.C. on behalf of The University of Alabama in Huntsville will be accepting Contractor's Statement of Qualifications for the construction of The Invention to Innovation Center, (I2C) at The University of Alabama in Huntsville. To participate in this process General Contractors shall complete the Statement of Qualifications form and submit to the Architect.

PROJECT DESCRIPTION:

The University of Alabama in Huntsville desires to construct a building to serve as an Innovation to Invention Center on campus. The new facility will house a business incubator innovation hub and accelerator program to serve a 15-county region in north Alabama and southeast Tennessee. When completed, the new business incubator will be a hub for high tech business startups and acceleration and will serve as a catalyst for economic and workforce development, ultimately increasing global competitiveness of the region.

The building is a three (3) story facility approximately 45,000 sf, tied directly to the north side of the existing UAH College of Business building, south of Wilson Hall.

A new service drive will be included for service vehicles and other usage. Landscaping, pedestrian walkways tied into existing and proposed enhancements for greenway development, along with ADA compliant accessibility are included in the project.

Upon receipt of the Contractor's Statement of Qualifications, the Architect and Owner will review all information submitted and, within 14 days, notify all those submitting as to whether they have been qualified or disqualified. Only those which are deemed to be qualified will be able to obtain bidding documents to bid the project at a later date

Statement of Qualification form may be obtained from Fuqua & Partners Architects, P.C. via request by email at info@fuquaarchitects.com.

*All forms must be returned, **in a sealed envelope**, to Fuqua & Partners Architects, P.C. by April 24, 2017.*
