

Senate Resolution 09/10-02: Input and Report on Parking Fees

WHEREAS: Parking fees for this academic year are greatly increased, and

WHEREAS: The faculty and staff's compensation have not increased for some time,
causing added sensitivity to the size of the parking fee increase, and

WHEREAS: Members of the faculty, staff, and student bodies have reported numerous
consequences of the large increase, particularly in regards to part-time faculty, staff, and students, some of which could hamper academic units' abilities to deliver courses, and

WHEREAS: More advance consultation with affected parties on campus would likely
have more fully-weighed and adapted to these consequences, and

WHEREAS: It is advantageous to have better practices going forward,

NOW THEREFORE BE IT RESOLVED:

That all future parking fee adjustment decisions be taken only after there are more earnest
efforts to collect the input of affected parties;

AND BE IT FURTHER RESOLVED:

That the Administration submit a written report to the Faculty Senate by month-end
itemizing parking-related costs and income and the Administration's thoughts about areas
for possible future parking-related cost savings and expenditure delays.
