

Cost Sharing October 23, 2015 Presented by: Valarie King

CFR §200.210

A Federal award must include the total approved cost sharing or matching, where applicable"

Cost sharing or matching is the portion of the project or program cost that is not borne by the sponsor. 2 CFR 200.306 refers to cost sharing or matching without distinguishing between the two. For the purpose of this presentation, the terms are synonymous.

UAH Policy

2 CFR 200.306

- Be readily verifiable from the university's official records
- Not be included as cost sharing for any other sponsored award
- Be necessary and reasonable for the accomplishment of the project objectives
- Allowable under 2 CFR 200 Subpart E Cost Principles
- Be provided for in the approved budget when required
- Not be paid by the federal government under another award (except where authorized under Federal Statute to be used for cost sharing)

- Cost sharing on sponsored projects will only be approved when it is specifically required by the agency. Cost sharing simply "to increase the probability of the proposal being funded," will not be permitted
- The Vice President for Research must approve any exceptions to include waived F&A and any cost sharing that requires their office to provide cash contributions

Cost Sharing Definitions

- Mandatory Cost Sharing Cost sharing that is required by the sponsor as a condition for proposal submission and award acceptance.
- Voluntary Committed Cost Sharing cost sharing that is offered in a proposal but not required by the sponsor as a condition of proposal submission. Once offered by the institution and agreed to by the sponsor, it becomes an obligation the university must fulfill.
- Voluntary Uncommitted Cost Sharing cost sharing that is over and above that which is committed and budgeted for in a sponsored research agreement. It is neither pledged explicitly in the proposal nor stated in the award documents, but it occurs in the course of executing a project, primarily when an individual expends more effort on the project than his or her commitment requires.

Mandatory Cost Sharing

Voluntary Committed

Must be included in federal award 2 CFR 200.210

Required by the sponsor as a condition of eligibility for an award

Must be properly documented and tracked for cost accounting and compliance purposes

Not expected and cannot be used during the merit review of applications or proposals

"Criteria for considering voluntary committed cost must be explicitly described in the notice of funding opportunity" **2 CFR 200.306**

Becomes a binding and auditable obligation

Must be properly documented and tracked for cost accounting and compliance purposes

Voluntary Uncommitted

Not required by the relevant program solicitation

Not referenced in the proposal or award

Not formally tracked (or auditable)

No cost share account setup in banner

MEMORANDUM

- TO: Office of Sponsored Programs
- FROM: Sarita Cochran COE Engineering, Dean's Office
- DATE: April 6, 2015
- SUBJECT: Transfer of Cost-Share Funds

For salary, operating, and/or equipment, please transfer \$8,112.00:

From State Org	org code # -236100-7801	(Fund	15000)
To Cost Share Org	org code # -236239-7801	(Fund	15901)

For fringes, please transfer \$718.00:

From State Org	org code #3 ^{36/09} /802 (Fund 15000) org code #336 ³⁵ /7802 (Fund 15901)
To Cost Share Org	org code #3363577802 (Fund 15901)

A budget change is attached to move the funds to the correct account codes within the cost share org code once the journal entry has been processed by Accounting and Financial Reporting.

Thank you for your assistance in this matter. Please call me at -6476 if you have any questions.

20. 1800.919 COOPERATIVE AGREEMENT SPECIAL CONDITION (DEC 2014)

(a) This award is a cooperative agreement as it is anticipated there will be substantial NASA involvement during performance of the effort. NASA and the Recipient mutually agree to the following statement of anticipated cooperative interactions which may occur during the performance of this effort:

(Reference the approved proposal that contains a detailed description of the work and insert a concise statement of the exact nature of the cooperative interactions NASA will provide.)

(b) The terms "grant" and "Recipient" mean "cooperative agreement" and "Recipient of cooperative agreement," respectively, wherever the language appears in terms and conditions included in this agreement.

(c) NASA's ability to participate and perform its collaborative effort under this cooperative agreement is subject to the availability of appropriated funds and nothing in this cooperative agreement commits the United States Congress to appropriate funds therefor.

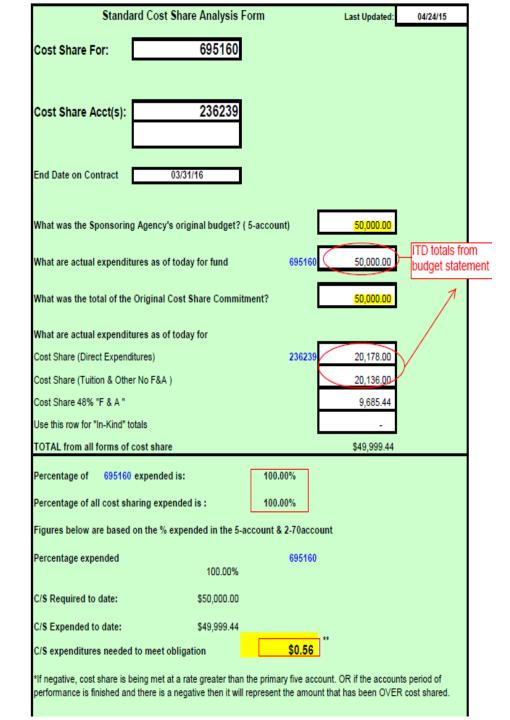

(End of Term and Condition)

21. 1800.922 COST SHARING (DEC 2014)

(a) NASA and the Recipient will share in providing the resources necessary to perform the agreement. NASA funding and non-cash contributions (personnel, equipment, facilities, etc.) and the dollar value of the Recipient's cash and/or non-cash contribution will be on a 50 percent Recipient basis.

(b) The funding and non-cash contributions by both parties are represented by the following dollar amounts:

- The current budgeted funding is not adequate for your cost sharing requirements, and the cost sharing account expenditures are not spent at the agreed upon rate (%) equal to the primary award expenditures. Please charge expenditures to the cost share account(s) or transfer appropriate expenditures to the cost share account(s). Retros must be used to transfer salary and fringe expenditures.
- The cost share (2XXXXX) for the primary account needs a budget change increasing the budget to fulfill cost sharing requirements for the current fiscal year.
- The current budgeted funding is adequate for your cost sharing requirements, but the cost sharing account expenditures are not spent at the agreed upon rate (%) equal to the primary award expenditures. Please charge expenditures to the cost share account(s) or transfer appropriate expenditures to the cost share account(s). Retros must be used to transfer salary and fringe expenditures.
- If you cannot meet your cost share commitment, please contact the Contract Administrator in the Office of Sponsored Programs (OSP) to initiate a possible reduction of the cost sharing requirements from the agency.
- The primary account will be non data enterable (frozen) until this issue has been resolved.
- Cost share funds are being spent at a higher rate compared to agency funds. The negative number reflects the amount that is currently being over-cost shared.

Please be aware that a portion of funding must be returned to the awarding agency if UAH fails to comply with the cost sharing requirements.

Cost Transfers

October 23, 2015 Presented by: De'Onah Norfleet

CFR §200.405(c)

UAH Cost Policy

Any cost allocable to a particular Federal award under the principles provided for in this part **may not be charged to other Federal awards to overcome fund deficiencies**, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons. Transferring costs between accounts is considered legitimate only when necessary to correct an error, properly allocate charges between accounts involving closely related work, or redistributing charges in those few cases where the university's billing systems will not allow for charging the appropriate amount to the proper accounts upon original posting.

UAH Cost Policy

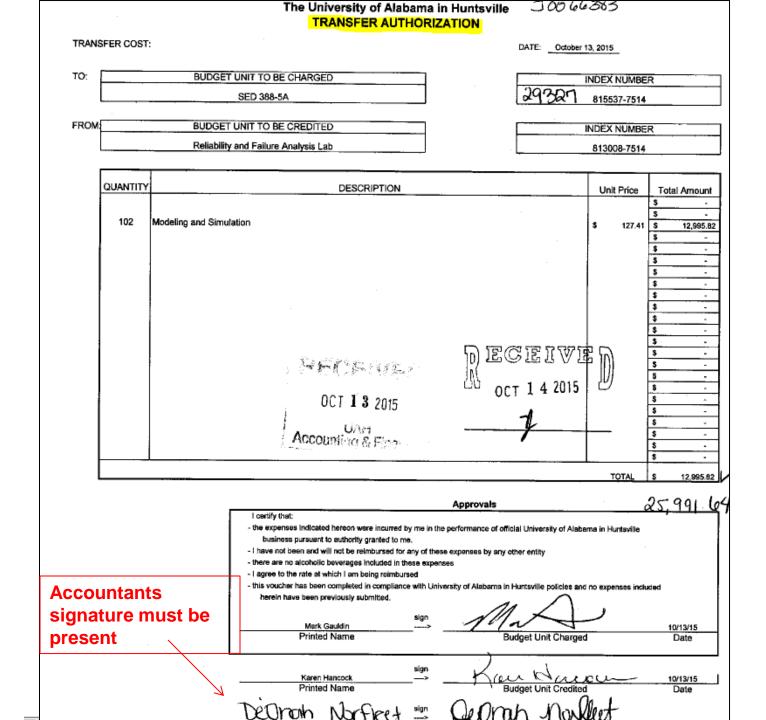

- Cost transfers must be made "promptly"
 - No later than 90 days of the original transaction
- 91 to 120 days
 - Requires P.I. signature and Department Chair approval
- 120+ days
 - Requires applicable Dean's signature, P.I, and Department Chair

****Requests for late cost transfers should include an explanation of the extenuating circumstances which prevented the transaction from being made earlier.**
