

Dear Student,

As you may know, UAH has partnered with [EverFi](#), whose mission is to help students address critical life skills such as alcohol abuse prevention, sexual assault prevention and financial literacy, in high schools and higher education institutions across the country. Each year over ½ million students complete these courses.

As part of our comprehensive prevention program for new students, UAH **expects you to complete AlcoholEDU and TRANSIT**. These online courses will empower you to make well-informed decisions about issues that affect your college years and beyond.

**Your login directions and additional details are included in this communication.**

*Please note, successful completion of both courses is required for your Charger Success 101 class.*

**Other Important Information:**

- You will need Internet access and audio capabilities.
- To avoid technical issues, please use any major web browser released within the previous two years.
- You may take the courses in multiple sittings.
- The courses may include surveys to help personalize your experience and measure students' attitudes and behaviors. All survey responses are confidential; the school will only receive information about the student body as a whole and will never see individual students' answers.
- Should you experience problems, technical support is available 24/7 and can be accessed from the "Help" link within the course.
- Please use your UAH email account when prompted to enter your email during registration

Thank you, and enjoy the courses!

Sincerely,

Regina Young Hyatt, Ph.D.  
Dean of Students and Associate Vice President for Student Affairs
