

Dear **Student**,

At **The University of Alabama in Huntsville** we pride ourselves on providing an enlightening college experience, which demands a safe and healthy student environment. To help foster that environment, we are taking one of the country's most proactive stances against sexual assault. Nationwide, the statistics on sexual assault on college campuses are disturbing: One out of every five women attending college in this country will experience some kind of attempted or completed sexual assault, and many young men will find themselves under legal scrutiny because they did not understand the particulars of the crime. You can help address this issue on campus by understanding the basics of bystander intervention.

Therefore, we are **requiring/recommending** that you view the *Student Success™ Every Choice* online bystander intervention program. While some academic institutions try to keep the nationwide sexual assault problem hidden, we believe that an informed student body is in all our best interests. While we may never fully eliminate sexual assault, we are committed to making our campus one of the safest in the nation.
