

# UAH ADVANCED PLACEMENT PROGRAM

Beginning Fall 2014 for  
New Admitted Students!

You've worked hard to get where you are, especially if you took Advanced Placement or International Baccalaureate courses. At UAH, we want to acknowledge – and reward – that hard work by giving you credit when applicable. This sheet details the UAH course equivalent for each program course and the semester credit hours that you may receive for it based upon your exam score.

Students should apply for credit through the Office of the Registrar. Please note, however, that awarded credits are recorded without grades or quality points, so they are not included when calculating your GPA. In addition, the maximum obtainable by examination through all programs is 32 semester credit hours.

AP credit is evaluated based on score reports directly from the testing agency. Scores presented on transcripts from other institutions cannot be evaluated. Official scores may be requested at [collegeboard.org](http://collegeboard.org). UAH AP code: 1854
