

Dear Prospective Student:

The UAH Department of Biological Sciences appreciates your interest in our graduate degree program. In order to complete the application process for the Department of Biological Sciences you must complete the Secondary Departmental Graduate Program application. This is in addition to the application that you have filled out for the School of Graduate Studies. In addition, we require two letters of recommendation to be sent on your behalf. These should be sent to the Office of Graduate Admissions.

We would like you to be as informed as possible about our department and faculty. Please visit our departmental web site at www.uah.edu/biology. Feel free to contact any of the faculty members with whom you may be interested in working.

We look forward to receiving your completed application and we will give you full consideration for admissions into the UAH Department of Biological Sciences. If you have any questions, please feel free to contact me by telephone at (256) 824-6388 or you can email me at lawtonr@uah.edu

Best Wishes,
Dr. Robert Lawton, Ph. D.
Chairman of the Biological Sciences
Graduate Admissions Committee
