Section I.b Admissions

Indicate when students are formally admitted into your initial teacher certification program:

Other Alternative candidates admitted after Block 1 courses

Does your initial teacher certification program conditionally admit students?

No

Provide a link to your website where additional information about admissions requirements can be found:

www.uah.edu/colleges/liberal/education

Please provide any additional about or exceptions to the admissions information provided above:

GRE required for all alternative fifth year candidates in History, Math, Biology, Chemistry, and Physics; MAT required for English language arts candidates.

After completion of first ED course (ED 301 - Introduction to Education) students are considered for admission. They are either admitted or not admitted. If there are areas of concerns students may be admitted with a Professional Development Plan (PDP). The plan will identify areas of concern and a timeframe for addressing the concerns. Students are no longer admitted conditionally.

Section I.b Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry

and exit requirements. ([§205\(a\)\(1\)\(C\)\(i\)](#))

Are there initial teacher certification programs at the undergraduate level?

Yes

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the Undergraduate level.

Section I.c Program Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

Total number of students enrolled in 2011-12:	9
Unduplicated number of males enrolled in 2011-12:	4
Unduplicated number of females enrolled in 2011-12:	5

Section I.d Supervised Experience

Provide the following information about supervised clinical experience in 2011-12.

Average number of clock hours of supervised clinical experience required prior to student teaching	200
Average number of clock hours required for student teaching	525
Average number of clock hours required for mentoring/induction support	140
Number of full-time equivalent faculty supervising clinical experience during this academic year	2
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	6
Number of students in supervised clinical experience during this academic year	3

Please provide any additional information about or descriptions of the supervised clinical experiences:

Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2011-12. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2011-12: 3

2010-11: 6

2009-10: 7

Section II. Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2011-12

Did your program prepare teachers in mathematics in 2011-12?

Yes

How many prospective teachers did your program plan to add in mathematics in 2011-12?

1

Did your program meet the goal for prospective teachers set in mathematics in 2011-12?

No

Description of strategies used to achieve goal, if applicable:

Currently have one math education student in program.

Met and collaborated with mathematics faculty to examine ways to recruit more students into program

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Provide any additional comments, exceptions and explanations below:

Academic year 2012-13

Is your program preparing teachers in mathematics in 2012-13?

Yes

How many prospective teachers did your program plan to add in mathematics in 2012-13?

1

Provide any additional comments, exceptions and explanations below:

Math education candidate finished coursework and internship in 2012-2013

Academic year 2013-14

Will your program prepare teachers in mathematics in 2013-14?

Yes

How many prospective teachers does your program plan to add in mathematics in 2013-14?

1

2

Did your program meet the goal for prospective teachers set in science in 2011-12?

No

Description of strategies used to achieve goal, if applicable:

Met with science faculty to examine ways to recruit more students into STEM disciplines

Had 2 students enrolled in biology program.

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Provide any additional comments, exceptions and explanations below:

Academic year 2012-13

Is your program preparing teachers in science in 2012-13?

Yes

How many prospective teachers did your program plan to add in science in 2012-13?

1

Provide any additional comments, exceptions and explanations below:

We added a single biology education student to our program enrollees.

Will continue to work with College of Science faculty and advisors.

Academic year 2013-14

Will your program prepare teachers in science in 2013-14?

Yes

How many prospective teachers does your program plan to add in science in 2013-14?

0

Provide any additional comments, exceptions and explanations below:

Will graduate 2 of 3 students enrolled in program- all biology majors seeking teacher certification.

Section II. Annual Goals - Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. Section II. Assurances

Please certify that your institution is in compliance with the following assurances.

(§205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

NA

Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

Prospective general education teachers are prepared to provide instruction to limited English proficient students.

No

Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

1. The most successful strategy in ensuring compliance with the above assurances is our plan for field experiences. Our students rotate through a series of field experience placements during each block of their program: Block 1 - urban (Title 1) schools in large city; Block 2 - rural placement, also focuses on special education students; Block 3 - Suburban placement; Block 4 - city school with large ELL population; Internship - available in any area.

Section IV. Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V. Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- **integrate technology effectively into curricula and instruction**

Yes

- **use technology effectively to collect data to improve teaching and learning**

Yes

- **use technology effectively to manage data to improve teaching and learning**

Yes

- **use technology effectively to analyze data to improve teaching and learning**

Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All students are introduced to technology as a tool to collect, manage, and analyze data during their assessment courses. They are asked to apply their learning in case studies, lesson planning and assessments during their methods courses. The culmination of these strategies occurs during the internship where students are expected to demonstrate a high level of competency in using technology to teach, to analyze, synthesize, and then use data to plan instruction; in fact, the rubric used to evaluate student teachers contains a specific indicator addressing the competency. Evidence is presented and evaluated at the student teacher's exit portfolio conference.

Having said all of this, we recognize this is an area for continuous improvement. We plan to strengthen our introduction to the role of technology in collecting, managing, and analyzing data to improve teaching and learning; the plan includes the development of specific modules and assignments for alternative teacher candidates beginning.

New Smart Board and Elmo have been acquired. Workshops have been scheduled for student teachers to enhance their skills in using the technology available in the area schools.

A new data management system that will incorporate more technology for students and faculty is expected to be implemented in 2013-2014.

Section VI. Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- **teach students with disabilities effectively**

Yes

- **participate as a member of individualized education program teams**

Yes

- **teach students who are limited English proficient effectively**

No

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach

students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Most school systems do not allow teacher candidates to participate in or observe IEP meetings. Some student teachers are permitted to observe (rarely participate) in IEP meetings, but this is not consistent across the disciplines. Students do participate in mock IEP meetings as part of their course, but for the most part, this is the extent of their experiences. We are continuing our dialogue with school principals and special education coordinators to facilitate more participate for our alternative teacher candidates.

We recognize the need for improving our candidates preparation in working with limited English proficient students. We have added a course - Applied Multiculturalism to the alternative program. We are already seeing the positive impact this course has in building their understanding and preparation.

Does your program prepare special education teachers to:

- **teach students with disabilities effectively**

NA

- **participate as a member of individualized education program teams**

NA

- **teach students who are limited English proficient effectively**

NA

Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Do not have an alternative program in Special Education.

Section VII. Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.
