The SRA have an assigned community and are there for residents to handle issues and concerns.

**Resident Assistants**

Resident Assistants (RAs) are among the most important individuals students meet while residing on campus. Housing & Residence Life RAs are selected and trained to handle a wide range of situations, such as homesickness, suitemate issues, etc. One of their primary responsibilities is to help residents develop a sense of community on their floor or in their area. The key to community development is a team effort between residents and the RA. RAs provide many opportunities to get involved, such as informal discussions, social activities, and presentations with guest speakers. RAs are a great resource for questions regarding campus life and Housing & Residence Life. RAs report to the RD of their specific area.

**Hall Council**

A Hall Council exists in each of the five housing areas, consisting of students who desire to be a part of the group. They plan and implement social, educational, and cultural activities and programs for residents. The success of Hall Council depends on the interest, leadership, and dedication of the students. Councils are advised and guided by the RD with the help of the SRA and/or RAs. All Hall Councils have a budget Housing & Residence Life from which to plan their programs.

Suitemates
As a resident of Housing & Residence Life, you should realize you do not just have a suitemate; you too are a suitemate. A suitemate can be someone with whom you share opinions, interests, and activities. However, sharing a space can sometimes result in problems or misunderstandings. You and your suitemate(s) do not have to be best friends; however, you do need to develop the ability to communicate with each other. Communication is crucial for a successful living experience. These suggestions may help:

- Have regular, unplanned, informal discussions. See Appendix 2 for a list of discussion points.
- Introduce suitemates to friends.
- Invite suitemates to join in activities.
- Complete a suitemate agreement (see the RA).
- Let each other know what is okay and not okay to share.
- Think of each other as individuals and learn to respect each other’s uniqueness.
- Be open to differing opinions, ideas, and points of view.
- Verbalize concerns. Do not assume suitemates can read body language accurately.
- If a concern arises, speak to your suitemate first in an open and non-threatening manner.
*If you are having continued trouble with a suitemate, please contact the RA to help mediate the situation.

**Ground Rules**
During discussions, spend some time talking about the ground rules regarding suite cleanliness, noise levels, entertaining guests, and sharing food and community items (toilet paper, paper towels, etc.). Make sure the rules are fair and equitable to all.

**Privacy and Interruptions**
Remember times will always exist when you will need privacy to study or just be alone. When that occurs, talk with your suitemate(s) first before frustrations build.

**Conflicts**
Conflicts will probably occur between residents and suitemates at least once during your college career. Conflicts should not be viewed as negative. Rather they should be viewed as a learning experience. It is natural for people to disagree; however, it is how you handle the conflict that makes the result positive or negative. High stress times, such as mid-term and final exam periods, tend to elevate the frequency of conflicts.

If tensions do arise, talk with the suitemate first before the issue becomes a major conflict. If communication does not resolve the problem, talk with the RA. RAs are experienced and trained in dealing with these concerns and can give you ideas to help find a resolution. However, give your suitemate the courtesy of speaking with him/her first. Often an individual may not be aware there is a concern. Failing to deal with a concern may give the suitemate permission to continue the behavior.

The Housing & Residence Life staff will first try to help you work through your conflict with a suitemate before a room change is considered. If all parties are in disagreement and a resolution cannot be achieved, or if a party is not willing to work toward a resolution, then all suitemates may be moved at the discretion of Housing & Residence Life staff.

**Housing & Residence Life Policies**
Each resident of Housing & Residence Life is individually and personally responsible for compliance with these provisions of the UAH’s Code of Student Conduct and compliance with the laws of the State of Alabama.

**Abusive, Harassing, and Intrusive Conduct**
University policy forbids conduct which involves actual or threatened physical abuse or violence, hazing, indecent behavior, and harassment, including both general harassing behavior and harassment based on an individual’s race, color, religion, sex, age, national origin, sexual orientation, or disability. University policy forbids related actions that invade one’s personal privacy (such as repeated, unwanted telephone calls, any harassing electronic communication, and/or abusive letters).

Unauthorized appliances will be confiscated and will be returned to the owner when keys are returned during move-out. Cooking in CCH, FFH, NCH, CGV, and FSH suites is limited to the microwave provided (i.e. students may not bring additional microwaves) and to closed-coil popcorn poppers, sealed unit coffee makers, and thermostat-controlled hot pots and crock-pots. Cooking is not permitted within the bedroom areas of suites. Cooking is permitted within the designated kitchen areas of each building, provided the requirements established by Housing & Residence Life staff in each area are met.

Before connecting to the UAH Cisco program, a computer must be scanned by the Office of Information Technology (OIT). During move-in, help desks may be set up by OIT. During other times of the year, students will need to contact OIT directly for assistance. Simply connect one’s computer to the Ethernet port and click on the internet icon. You will be automatically connected to the ResNet webpage. Follow the directions from that webpage. For more information please refer to the IT Solutions web page or contact OIT.
B. Attempted or unauthorized use of computer access (computer hacking, running an Internet based business, etc.) is a violation your room contract, the Computer Usage Policy, and the Student Code of Conduct. Students may not use the Internet, campus network, or their suite or apartment address for any unauthorized or illegal activities. Unauthorized use will result in denied access to the Internet and campus network until a complete investigation can occur and may result in a permanent loss of this privilege. Violators will be referred to the Student Judicial Board and/or appropriate agencies.
C. 3D Printers are not permitted within Housing & Residence Life due to fire safety concerns.

**Disorderly Conduct**
Behavior that is disruptive to orderly community living is prohibited. This behavior includes, but is not limited to, throwing items in the hallways, bouncing balls on the floor, throwing objects out of the windows, fighting, committing pranks, or any other behavior which may cause physical injury, property damage, or is potentially dangerous or disturbing to the health and well being of residents.

A. Possession of any firearm - including and not limited to rifles, shotguns, handguns, paint ball guns and air guns are strictly prohibited anywhere on University property, including resident suites, apartments, and cars. Possession of ammunition for firearms or any explosives—such as firecrackers, fireworks, dynamite cartridges, bombs, grenades, and mine explosive devices—is also prohibited. Housing & Residence Life

B. Any internal combustion engines, automobile batteries, acids, gasoline, propane tanks, or barbecue grills are not permitted in the residence halls or apartments.
C. Knives are prohibited (except kitchen tools and pocket knives). No pocket knife may have a blade longer than six inches. The list of prohibited knives includes but is not restricted to: bowie knives, daggers, slingshots, leaded cans, switchblade knives, blackjacks, brass knuckles, or any other weapon.

**Furniture**
A. All furniture provided by the University **must** remain in the suite or apartment; therefore, no student should remove furniture from the room, common area or building. Within the suites, furniture designated for common areas should not be moved into individual bedrooms. Furniture not returned to proper location will be moved at the resident’s expense.
B. All furniture located in lobby areas, lounges, study rooms, game rooms, multipurpose rooms or any other area of the Residence Hall not located in the suite, must remain in that location. Hall furniture, or objects such as trash cans, are not to be moved, stored, or used in a resident’s suite or bedroom. C. Furniture must not obstruct doors or windows at any time. Doors and windows must be accessible for use as a means of exit or entry, especially in the case of emergency situations.
D. Construction or room alteration involving heavy building materials, wooden or cloth material platforms, or self-constructed lofts are prohibited due to fire and safety regulations.
E. Residents are not allowed to provide their own materials to loft beds. Any beds that have been lofted or raised using University equipment need to be de-lofted/bunked and lowered to an appropriate level before checking out of one’s residence. An appropriate level is a bed that is high enough to sit on without having to climb into the bed. It is the resident’s responsibility to make sure the bed is lofted and de-lofted appropriately.
F. Recycling bins located in each suite are considered Housing & Residence Life furniture. They are expected to be cleaned and located in the living room upon move out. If a recycle bin is missing, the entire suite will be charged for the cost to replace the bin.

**Guests, Visitation, & Co-Occupants**
A roommate’s right to privacy takes priority over the privilege of having a visitation guest.

**Co-Habitants**
In all Housing & Residence Life areas, co-habitants are defined as guests residing with residents for more than three (3) 24-hour periods in any seven-day period. Co-habitation is illegal as defined by the state of Alabama.

**Co-Occupants**
A co-occupant is defined as a spouse or a dependent that is specifically registered by the leaseholder in one-bedroom apartments. Anyone receiving mail addressed to them at a particular Housing & Residence Life apartment or suite who is not listed as a co-occupant with Housing & Residence Life or who uses a key to gain access to said suite is considered an illegal co-occupant. If such an incident occurs, the lease or contract holder is subject to disciplinary action and/or contract cancellation.

**Guest Behavior**
Students should note that one’s lease/contract makes one expressly responsible for any misconduct and/or destruction of property (inside or outside one’s suite or apartment) by one’s guest(s). This means that misconduct of such guests may result in cancellation of one’s lease/contract and students may be held financially liable for any damages caused by such misconduct.

**Guest Check-In/Visitation**
For students’ security, all guests of CCH, FFH, NCH, and CGV residents must register at the front desk in the lobby. Each resident may have a maximum of three guests signed in at one time. At sign-in, any non-resident must present a government issued picture ID, which will be held at the front desk until the guest signs out. The host resident must escort guests at all times. All residents are accountable for their guests and will be held responsible for any misconduct and/or destruction of property by their guests. Guests are responsible for picking up their IDs when they sign out. Housing & Residence Life is not responsible for IDs that are not picked up when the guest leaves.

**Overnight Guests**

To reserve a space for the following fall semester, residents must complete the sign-up process and submit a $100 commitment fee.

When agreeing to do an express checkout, residents waive their right to appeal any charges Housing Staff find applicable during the assessment of their room. Students must notify the Resident Director of their intent to do an express checkout.

First and Second Year Housing Requirements

During health and safety inspections, staff members will not open closets, drawers, or luggage. Staff members may inspect University refrigerators and common storage areas. Contact the RD or Housing & Residence Life if you believe an area has been inappropriately inspected. Health and Safety Inspections may also take place during University breaks.

C. If a University staff member or an RA visits an area at any time and finds the area to be in poor condition, an inspection may be conducted at that time.

Intent to Vacate Process
A resident has a contractual agreement with Housing & Residence Life that is not automatically nullified when they withdraw, graduate or are academically suspended by the University. If a student is leaving the University for any
reason, they must notify Housing & Residence Life and start the Intent to Vacate process by meeting with their RD. If the Intent to Vacate is approved, the resident will be sent instructions on how to check out of their room. If a resident leaves without notifying Housing & Residence Life, they will be considered a current resident and held accountable for any fees, including full rent charges. Please be aware of publicized, important notification dates to avoid improper check out fees. Please see the RD for more information.

**Keys and Lockouts**
A. A room key or access card will be issued after a resident has signed a room contract or lease. Rent is due no later than the first day of classes. Residents are responsible for any keys and cards until move-out. Residents may not make duplicate keys or cards; nor may they use padlocks, add locks or latches, or tamper with or change existing locks.
B. Residents are expected to keep both the door to their suite, as well as the door to the personal bedroom, locked.
C. Residents should not give their room keys or student ID cards to others, including guests. Falsification of information in an attempt to acquire an additional key or ID card is strictly prohibited.
D. For security reasons, residents should report all lost keys and lost student ID cards to Housing & Residence Life, an RD, or to an RA. Lost keys will necessitate a lock change resulting in a charge to the resident.
E. When a resident moves out of an assigned space, they must return their keys to Housing & Residence Life, the RD, or an RA by the appropriate deadline. Failure to do so will result in a charge to replace the lock. The resident may also incur rental costs and a $100.00 administrative fee for improper check out. Residents are required to schedule a checkout with Housing & Residence Life 24 hours prior to their anticipated check out.
F. Lockouts: If a resident is locked out of a suite or apartment, contact Housing & Residence Life, an RD, or an RA. Residents will be given a grace period on lockouts for the first two weeks of each semester. After the grace period, any lockout will result in a $10 charge to the resident’s account. At the discretion of the RD, lock changes may be ordered for areas with multiple lockouts.

Residence hall rooms and apartment doors are to be opened only for the occupant of that room, suite, or apartment. Residents will need to show identification. Staff will not open a door for anyone except the resident of the room.

**Privacy Rights**
The University (acting through an authorized employee, agent, or representative) shall have the right to enter an assigned space at reasonable times to inspect it, to make necessary repairs and alterations, to clean, and to enforce the room contract or lease agreement with no further notice of entry required. The University maintains the right to enter an assigned space if it suspects there is imminent danger to life, health, safety, or property. While in the resident’s space, if any unauthorized items are visible, Housing & Residence Life has the right to confiscate the item and may impose further consequences.

**Public Area Damage**
Costs to repair common area damage or to replace community property may be assessed to the residents of a wing, floor, building, or complex, unless individual responsibility can be determined. If residents have information regarding abuse or damage to common areas (including damage to a bulletin board), please report it to an RA, the RD, or another member of the Housing & Residence Life team.

**Room Condition Reporting**
*Move-in:* During move-in, residents are given a Room Condition Report form. This report provides hall staff identification of problems, concerns, and/or repairs. It is the resident’s responsibility to check their suite for any damages, such as carpet stains, nail holes, damaged furniture, paint chips, and for the cleanliness of the suite. They should carefully inspect each item listed on the inspection form and document any concerns using the guidelines
provided. This form should be returned to the RD or to Housing & Residence Life within 24 hours of check-in, to address any updates.

**Move-Out:** An inspection will be conducted when residents move out of an assigned space. Each resident makes an appointment with a Housing staff member to complete a room inspection and their Room Condition Report. Each resident must sign-up for a check out time 24 hours prior to checking out. If one fails to make an appointment, or fails to show for their scheduled appointment, they forfeit the right to appeal damage charges and will receive a $100 improper check out fee. If damage is not recorded at the time of move-in but is recorded during move-out, the resident(s) will be held financially responsible for those damages. **Housing & Residence Life reserves the right to charge an Administrative Housing fee involving extenuating circumstances with student assignments.**

RDs and RAs will make cost assessments for damages or cleaning based on the [Cleaning and Assessment Charge Guide](#). Final charges are generated by Housing & Residence Life and are based on cleaning and repair cost. If students have questions or concerns about cleaning and damage in an assigned space, contact your Resident Director.

**Semester Cleaning and Inspection**
Residents of all Housing & Residence Life areas are expected to leave their areas in move-in condition at the end of any semester. Housing & Residence Life reserves the right to conduct health and safety inspections of all suites during breaks and charge residents for any cleaning required to make an area move-in ready (as determined by Housing & Residence Life Staff). Residents are encouraged to complete cleaning agreements amongst all roommates at the beginning of any semester.

**Missing Resident Policy**
At UAH, we are committed to the safety of our students. This policy is established in compliance with the Higher Education Opportunity Act of 2008 (HEOA) and applies to all UAH students who reside in Housing & Residence Life areas.

**General**
When signing up for a room, all residents of Housing & Residence Life will be given the opportunity to register an emergency contact. RA’s will also advise residents how to register their emergency contact at the first floor meeting. This emergency contact information will be stored confidentially and will be accessible only to authorized University officials and will not be disclosed, except to law enforcement personnel involved in a missing person investigation. Residents will be given the opportunity to update their emergency contact information when necessary.

Regardless of whether a resident has designated an emergency contact person, is 18 years or older, or is an emancipated minor, UAH is required to notify the UAH Police within 24 hours of a determination that a resident is missing.

**Reporting and Investigative Procedures**
For the purposes of this policy, a resident may be considered to be missing if the student’s absence from campus is contrary to his or her usual pattern of behavior and the University has reason to believe that unusual circumstances may have caused the absence. Such circumstances may include, but are not limited to the following: (1) a report or suspicion that the student may be a victim of foul play; (2) the student has expressed suicidal thoughts or may be in a life threatening situation; (3) the student has exhibited behavior suggesting they are
unable to care for themself; (4) the student is overdue returning to campus and is not heard from after giving a specific return time to family or friends.

Any individual on campus who has information or reason to believe that a student living in Housing & Residence Life may be a missing person should notify the UAH Police immediately.

UAH Police will gather all essential information about the student from the reporting person, as well as seek information from the student’s acquaintances and from appropriate University personnel. Such information will include a physical description, cellular phone number, clothes last worn, where the student might be, who the student might be with, vehicle description, information about the physical and emotional well-being of the student, an up-to-date photograph, a class schedule, when the student last attended class, the last use of the student’s Charger Card, etc.

Upon receipt of a missing resident report, UAH Police will promptly notify appropriate campus staff, to aid in the search for and location of the resident.

In every instance, UAH Police will promptly notify the office of the Dean of Students and keep them informed of the progress of the investigation. After consultation with UAH Police, the final determination that a student is missing will be made by the Dean of Students.

Notifications
The Dean of Students will take the following action after a student has been reported missing for 24 hours or more, OR it is apparent that the student is missing (e.g. witnessed abduction):
   a. In every case, notify the UAH Police Department.
   b. In every case, notify the designated emergency contact person, if any.
   c. In the case of a student under 18 who is not emancipated, notify the student’s custodial parent or guardian (in addition to notifying any designated emergency contact person).

Communications about Missing Students
The Director of Public Affairs is the designated university spokesperson to handle media inquiries concerning a missing student. The law enforcement agency in charge of the investigation will be consulted prior to any information release from the university so as not to jeopardize any investigation. Any information provided to the media to elicit public assistance in the missing person search will be released by the law enforcement agency.

Stolen Property
Residents are expected to keep their door locked to ensure personal safety and security of property. If residents feel that their property has been tampered with or stolen, they have the right to file a report with the University Police. If notified, Housing & Residence Life may assist the resident in this process.

Toilets/Sinks
The sewer system is sufficient to handle normal drainage. Items not flushable are paper towels, diapers, feminine products, toys, tennis balls, etc. Repair costs incurred because of improper disposal of any items will be assessed to the resident(s). **Packages**: For CCH, FFH, NCH and CGV, UPS: Federal Express and USPS will leave packages at the RD’s office. Residents will receive notification in their mailbox announcing the delivery of a package. A picture ID is required for collecting a package. Only the owner of the package is allowed to collect it.

**Forwarding Mail (For CCH, FFH, CGV and NCH)**: When a resident moves out, Housing & Residence Life forwards first class mail for 30 days following the official move out or room change date. In order for mail to be forwarded, you must submit the forwarding address to Housing & Residence Life when returning keys. It is important for you to also notify correspondents of your new address.

FSH mailboxes are located behind each of the Fraternity and Sorority Houses.

**Packages:** At SCH and FSH, the UPS agent will leave a note on your suite door. Package pick up times are M-F 8:15 am to 5:00 p.m. in SECH 606A.

**Forwarding Mail (for SCH and FSH residents):** When a resident moves out, Housing & Residence Life forwards first class mail for 30 days following the official move out or room change date. In order for mail to be forwarded, you must submit the forwarding address to Housing & Residence Life when returning keys. It is important for you to also notify correspondents of your new address.

**Maintenance Requests and Repairs**
Housing & Residence Life contracts with the Physical Plant for maintenance. If you have a maintenance concern, please submit a work order request by clicking here. Be as specific as possible when reporting the problem.

Repair work on items resulting from normal wear and tear or to equipment breakdown not caused by the resident or a resident’s guest is free of charge. If it is determined that abuse, negligence, vandalism, or misuse caused the damage, the responsible resident(s) will be billed for the cost of repair. If individual responsibility for a common area damage cannot be determined, the entire suite will be assessed the costs of repair or replacement.

Once a maintenance request has been made, the maintenance staff will respond. Due to the unpredictable number of work orders for any given day, Housing & Residence Life cannot guarantee a specific time the maintenance crew will arrive to make the repair. If two (2) business days pass with no response, please contact the area RD.

**Parking**
Resident and guest vehicles should be parked in approved designated parking spaces. In order to park in any University parking lot, residents are required to have a student decal properly affixed to their vehicle. See the Office of Public Safety for more information on the guidelines for operating a vehicle on UAH’s campus. Parking inside the quad at SCH can result in a parking ticket or towing. Parking in the circle drive at CCH, FFH, FSH, CGV, NCH, or the designated SCH unloading zones may result in a parking ticket or towing. Parking lots are monitored by University Police, not Housing & Residence Life.

**Pest Control**
Housing & Residence Life contracts with a local pest control company for service each month. If you want to have the inside of your cabinets treated, make sure they are emptied on the morning of the treatment day. If you experience a problem with pests, contact Housing & Residence Life directly to arrange for special service.

**Recycling**
Housing & Residence Life supports sustainability and encourages residents to contribute by recycling paper and aluminum products. Every suite is provided with a recycling bin that must remain in the common space. It is the residents’ responsibility to take the recyclable items to the larger recycling bin in each residence hall, as well as to separate the paper and aluminum items. The larger recycling bins are emptied regularly by University staff. The recycle bins are to be kept clean and will be assessed for cleanliness and damage upon move-out of the building. If the recycle bin is missing or not clean, costs will be assessed to the suitemates.
Renters Insurance
Renters Insurance is strongly recommended to recover potential personal property loss. More information about insurance is available from Housing & Residence Life.

Storage Space
Unfortunately, the University does not have adequate and secure space to store personal items. For personal items, local storage facilities are available near campus.

Telephone Service
Each bedroom is equipped with campus and local phone service. You must provide the telephone. To make local calls, you must first dial “9” and then the number. To make long-distance calls, you must use a personal calling card. A long distance restriction has been placed on all telephone lines. Residents cannot accept calls or bill long-distance calls to their room. Any unauthorized charges originating from a suite will be charged to the resident of that particular room.

Transportation
The Office of Student Affairs provides a Friday night shuttle service for UAH students. The shuttle runs from 5:00 - 10:00 p.m. and drops off students at one of three destinations: Madison Square Mall, Madison Square 12 Theatre and Super Walmart. The shuttle picks up in front of each Residence Hall and at the 20 minute parking spaces between CGV and SCH.

Trash Removal
**CCH** - Trash rooms are located on floors 2, 3, 4, 5, and 6 behind the elevator. Trash should be placed in the bins and not on the floor inside the trash room. Trash bins are not to be removed from the trash rooms. Public area trash cans located in the lobby, common areas, and outside are not for trash from your suite. All trash should be placed in tied bags which keeps the room cleaner and makes the cleaning staff’s job much safer.

**CGV** - Trash rooms are located on floors 2, 3, 4, and 5. Trash should be placed in the bins and not on the floor inside the trash room. Trash bins are not to be removed from the trash rooms. Public area trash cans located in the lobby, common areas, and outside are not for trash from your suite. All trash should be placed in tied bags which keeps the room cleaner and makes the cleaning staff’s job much safer.

**FFH/NCH** - Trash rooms are located on floors 1, 2, 3, and 4. Trash should be placed in the bins and not on the floor inside the trash room. Trash bins are not to be removed from the trash rooms. Public area trash cans located in the lobby, common areas, and outside are not for trash from your suite. All trash should be placed in tied bags which keeps the room cleaner and makes the cleaning staff’s job much safer.

**FSH** – A dumpster is located between the back of the Kappa Delta and Delta Zeta houses for all residents of FRSO to use.

**SCH** - Dumpsters are located on the parking lot side of Buildings 702 and 706. All apartment trash/garbage should be placed in these dumpsters. The barrels located on the grounds are for outside litter only and are NOT to be used as dumpsters for apartment trash/garbage. Household trash found outside barrels or in the breezeways of SCH will incur a trash removal charge of $25 per bag, box or other item, charged to the suite as well as possible disciplinary action.

Utility Use
Residents do not receive utility bills. It is important to remember that your rent includes a charge for all utilities. Excessive utility costs will be billed to the individual apartment. To avoid higher utility costs, report problems quickly, use good judgment when setting thermostats, and conserve energy and water whenever possible.

Vending Machines
For the residents’ convenience, vending machines are provided in all Housing & Residence Life areas. Some vending machines are able to accept funds through a students’ ID card access, maintained by the Charger Card Office. If you lose money in one of the vending machines, please visit Room 100 in the Conference Training Center.
Frequently Asked Questions

How do I get help with a concern or question?
There are numerous people you may go to for assistance. The Housing & Residence Life office is located in Charger Village and our phone number is 256-824-6108. You may also contact the Resident Assistant or Resident Director of your Residential area.

How do I get help after regular office hours?
Starting at 5pm to 8am, an area Resident Assistant is “on duty”. Feel free to contact them about questions or concerns. If an RA cannot be found in their room, you may call them or request the front desk to call them.

What do I do if my ID card does not work?
If it is after regular office hours, you will need to contact, or call, the Resident Assistant (RA) on duty. The RA will need to verify you are a resident with some form of identification before allowing you entry. It is then advisable to contact the Resident Director (email may be a good option after hours) and let them know the card did not work. You may also want to visit the Charger Card office to activate a new card.

What if my ID card is damaged, lost or stolen?
It is imperative to visit the Charger Card office in the University Center as soon as possible to get a new card. They will be able to terminate the old one so no one else can use your ID.

I need help with my suitemates, what do I do?
Communication is imperative for developing and maintaining healthy relationships with your suitemates. Start early and continue to touch base throughout the year as issues arise. See the Suitemate Discussion Points (Appendix 2) for a guide to start these conversations. Your RA is also a great resource for approaching and resolving issues within your suite. Your RA and/or RD can give you advice or schedule a suitemate mediation meeting, if necessary. The important thing is not to ignore the problem and hope it goes away!

What are the residence hall alcohol policies?
Please refer to Alcohol Policies in this guide.

Can I move my furniture around and use furniture from the lounges in my room?
Please refer to the Furniture Policies in this guide.

Something in my room is broken, what do I do?
Please talk to the Resident Assistant or Resident Director and have them assist in submitting the maintenance request. If it is an emergency, it would best to call the Resident Assistant on Duty so they can help assist more immediately.

Can I use the back wing doors/fire doors of a residence hall?
No, the back wing doors/fire doors are only to be used in case of a fire emergency. They unlock when the fire alarm triggers so you may safely and quickly exit the building.

Where can I smoke?
No one may smoke within 50 feet of any entrance to a building. Please put cigarettes out in our receptacles, not on the ground.

I am a part of a self-owned business, can I sell items from my room/suite?
Residents are not permitted to sell items, collect money, or promote personal businesses from anywhere in the residence halls or apartment complex.

I need to end my contract with Housing, what do I do?
A resident has a contractual agreement with Housing & Residence Life that is not automatically nullified when they withdraw, graduate or are academically suspended by the University. If a student is leaving the University for any reason, they must notify Housing & Residence Life and start the Intent to Vacate process by meeting with their RD. If the Intent to Vacate is approved, the resident will be sent instructions on how to check out of their room. If a resident leaves without notifying Housing & Residence Life, they will be considered a current resident and held accountable for any fees, including the full rent charges. Please be aware of publicized, important notification dates to avoid improper check out fees. Please see the RD for more information.

A.2 Suitemate Discussions Points

Having a positive relationship with suitemates can occur if each person tries to make an honest attempt to get know one another. Prepare for this new experience of living with others with an open mind and an appreciation for differences. The following discussion topics (adapted from Miami University) are designed to help in practicing the important communication skills of careful listening, open and honest feedback, and reaching a mutually agreed upon living arrangement.

Part I: About Us
During the first couple of days at UAH, begin to get to know each of your suitemates. Even if each has been friends before coming to school, it is important to start getting to know one another as suitemates. If each has just met, it can be difficult to begin sharing, but start with the basics.
Some suggested topics for “breaking the ice”:
- Discuss family backgrounds, hometowns, neighborhood, high school friends, and best friends.
- Share reasons for going to UAH.
- Discuss hobbies, interests, and activities.
- Describe what will be missed most while being away from home or what will be missed least.

Part II: Personal Preferences
Living in the same space does not mean everything must be done together and perhaps not necessarily becoming the best of friends, but you do need to develop the ability to communicate with one another and adapt to each other’s lifestyle. Discuss the following questions with each other.

Roommate Preference Questionnaire
1. Discuss sleeping habits (i.e., weekdays, weekend, etc.).
2. Discuss sense of humor (e.g., silly, sarcastic, etc.).
3. What time one typically comes home? (e.g., before midnight, after midnight, 2:00 am) Discuss how to handle late nights and evenings.
4. Discuss issues about the noise level in the room (e.g., TV, radio, studying, sleeping, etc.).
5. Discuss TV habits.
6. Is it bothersome if the roommate watches TV when others are in the room? (Give examples when it would/would not be okay).
7. Discuss cleanliness habits (e.g., very neat, messy, etc.)
8. Discuss music preferences?
9. Where does one like to study?
10. What belongings are okay to share? If so, what are the ground rules?
11. How does one feel about the use of drugs/alcohol? (Keep in mind the drug and alcohol policy.)
12. Does one smoke? (Keep in mind, residents cannot smoke in the residence halls.)
13. What are one’s spiritual or religious values?
14. What are some habits a roommate might need to know?

Part III: My Emotional Style
By sharing some information about emotional styles, it may make understanding and responding to each other easier.

Discuss the following issues:
1. When I am upset about something I usually...
2. Something that usually cheers me up...
3. When things are going really well I’m usually...
4. I would prefer to be left alone when...
5. When do we need time alone?
6. How will my roommates let me know when they need time alone?
7. When I’m angry it is usually because...
8. What makes my roommates angry?
9. How will my roommates let me know when they are angry?
10. I get tense or uptight when...
11. What makes my roommates tense or uptight?
12. How will my roommates let me know when they are tense or uptight?
13. When I am tense/stressed it is usually because...
14. How will my roommates let me know when they are tense/stressed?
15. Something that is likely to annoy me is...
16. How will my roommates let me know what annoys them?
17. We will communicate feelings or frustrations by...
18. To me, relaxing is...

Part IV: My Impressions/Reactions

Try to follow these guidelines:

• Be willing to listen and speak openly.
• Try to understand rather than evaluate or judge.
• Be receptive to different ways of life and different values.
• Be willing to make compromises.
• Spend time getting acquainted.
• Be aware of assumptions and try to get the facts.

When differences arise, try talking out issues while using the communication skills that help most—be open and honest, listen closely, and be specific. If necessary, fill out a Suitemate Contract, reevaluate the living situation, and change the ground rules. Feel free to utilize the Resident Assistant or Resident Director in the mediation process of creating a positive living situation.
