

PRECISION WAFERING SAW

Manufacturer:	Pace Technologies
Type/Model:	PICO 155
Cutting Capacity:	Max diameter 50mm / 2"
Variable Speed:	0-1500 rpm (Adjustable)
Cutting Load:	0-1000 gram
Micrometer Feed:	0-25 mm / 0-1"

The PICO 155 is a precision wafering saw with touch controls. It has variable cutting speed from 50-1500 rpm with a digital speed readout, precision micrometer, counterbalanced sliding load system, automatic cut-off switch, with coolant system, magnetic safety switch for the hood, and emergency stop button.
