The Alexander and Barbara Poularikas Scholarship

The Alexander and Barbara Poularikas Scholarship is awarded to an undergraduate electrical engineering major who shows evidence of leadership and service to the University and community, specifically as a participant on an intercollegiate athletic team, as well as an interest in and ability to carry out research.

This scholarship is a one-year award and is not renewable. The student must maintain a full-time course load (12 credit hours) and have a cumulative GPA of 3.0 or higher. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
