Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number o students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and not an enrolled student.

Additional guidance on reporting race and ethnicity data.

Total number of students enrolled in 2012-13:	
Unduplicated number of males enrolled in 2012-13:	2

Average number of clock hours of supervised clinical experience required prior to student teaching	
Average number of clock hours required for student teaching	525
Average number of clock hours required for mentoring/induction support	0

Number of full-time equivalent faculty supervising clinical experience during this academic year	2
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	8
Number of students in supervised clinical experience during this academic year	4

Please provide any additional information about or descriptions of the supervised clinical experiences:

Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2012-13. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (\$205(b)(1)(H))

Section II Assurances

Please certify that your institution is in compliance with the following assurances. (\$205(a)(1)(A)(iii), \$206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom. Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

Prospective general education teachers are prepared to provide instruction to students with disabilities. Yes

Prospective general education teachers are prepared to provide instruction to limited English proficient students.

Prospective general education teachers are prepared to provide instruction to students from low-income families.

Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable. Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

1. The most successful strategy in ensuring compliance with the above assurances is our plan for field experiences. Our students rotate through a series of fiel experience placements during each block of their program: Block 1 - urban (Title 1) schools in large city; Block 2 - rural placement, also focuses on special education students; Block 3 - Suburban placement; Block 4 - city school with large ELL population; Internship - available in any area.

Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited? Yes

If yes, please specify the organization(s) that approved or accredited your program: \mbox{NCATE}

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction Ves
- use technology effectively to collect data to improve teaching and learning Yes
- use technology effectively to manage data to improve teaching and learning Yes
- use technology effectively to analyze data to improve teaching and learning Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All students are introduced to technology as a tool to collect, manage, and analyze data during their assessment courses. They are asked to apply their learning

https://title2.ed.gov/Secured/DataCollection/Institution/PrintReport.aspx?Year=2014

in case studies, lesson planning and assessments during their methods courses. The culmination of these strategies occurs during the internship where student are expected to demonstrate a high level of competency in using technology to teach, to analyze, synthesize, and then use data to plan instruction; in fact, the rubric used to evaluate student teachers contains a specific indicator addressing the competency. Evidence is presented and evaluated at the student teacher's exit portfolio conference.

Having said all of this, we recognize this is an area for continuous improvement. We plan to strengthen our introduction to the role of technology in collecting, managing, and analyzing data to improve teaching and learning; the plan includes the development of specific modules and assignments for alternative teache candidates beginning.

New Smart Board and Elmo have been acquired. Workshops have been scheduled for student teachers to enhance their skills in using the technology available in the area schools.

A new data management system that will incorporate more technology for students and faculty is expected to be implemented in 2013-2014.

Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- teach students with disabilities effectively
- participate as a member of individualized education program teams
 Yes
- teach students who are limited English proficient effectively No

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Most school systems do not allow teacher candidates to participate in or observe IEP meetings. Some student teachers are permitted to observe (rarely participate) in IEP meetings, but this is not consistent across the disciplines. Students do participate in mock IEP meetings as part of their course, but for the mopart, this is the extent of their experiences. We are continuing our dialogue with school principals and special education coordinators to facilitate more participate for our alternative teacher candidates.

We recognize the need for improving our candidates preparation in working with limited English proficient students. We have added a course - Applied Multiculturalism to the alternative program. We are already seeing the positive impact this course has in building their understanding and preparation.

Does your program prepare special education teachers to:

- teach students with disabilities effectively NA
- participate as a member of individualized education program teams
 NA
- teach students who are limited English proficient effectively

Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Do not have an alternative program in Special Education.

Section VII Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.
