Get Cyber-Charged

Cyber-Charged is a day camp program that teaches first principles of cybersecurity in a fun, hands-on environment. Students learn about the building blocks of a computer, programming in python, computer operating systems and software, cybersecurity first principles, cyber-threats, cyber-defenses, network security, firewalls, and virus scanning. Our camps are designed for beginners to intermediates in cybersecurity and computing.

Cyber-Charged Summer Day Camp Program

- Full-day program for rising 7th-8th graders
- Hands-on activities, classroom learning, lab tours, cybersecurity professional mentors

Important Notes

- The camp fee covers costs for all camp materials and activities.
- Campers will receive lunch and snacks daily.
- All students will receive a T-shirt and other materials to take home.
- Students will be led/monitored by UAH faculty, staff and students. Both male and female camp staff will be present.

Application/Selection

Interested students should apply on-line at: www.uah.edu/eng/summer-camp

To be considered, students must have a B-average and provide a recommendation letter by a non-family member

You are not considered to be enrolled in camp until all forms, recommendation letter, and fees are received.
