Engineering Summer Day Camp Programs

Rising 5th–6th Graders
- Half-day program
- Hands-on activities, classroom learning, lab tours

Rising 7th–8th and 9th–10th Graders
- Full-day program
- Hands-on activities, classroom learning, lab tours, culminating design project, mentoring opportunities

Rising 11th–12th Graders
- Full-day program
- Hands-on activities, classroom learning, lab tours, engineering company tours, mentoring opportunities, college-preparation

Important Notes
- Camp fees cover all costs for the program.
- Half-day students will get a snack every day and full-day students will get snacks and lunch every day.
- Students will receive a T-shirt and other materials to take home.
- Students will be led/monitored by UAH faculty, staff and students. Both male and female camp staff will be present.

More information on-line at www.uah.edu/eng/summer-camps

Typical Daily Schedule

8:00am-12:00pm
Morning Check-in
Ice Breakers
Class 1 with Hands-On Laboratories
Guest Speaker
12:00pm-1:00pm
Lunch (half-day students go home)
1:00pm-4:30pm
Class 2 with Hands-On Laboratories
Facility Tour/Field Trip
Mentoring Activity

Application/Selection

Interested students should apply on-line at:
www.uah.edu/eng/summer-camps

- To be considered, students must have a B-average and provide a recommendation letter by a non-family member.
- You are not considered to be enrolled in camp until all forms, including recommendation letter, and camp fee is paid
- Limited scholarships are available for those with demonstrated financial need.

Changing the world is what engineers do—by solving problems with innovation, creativity, and by applying science and technology.

At UAH, our engineering summer camp programs are designed to introduce students to different fields of engineering with classroom learning, hands-on projects, mentoring activities, tours and much more. Students will have a great time working with UAH faculty, staff, and current students as they explore engineering.
