presents

Summer 2022

Engineering Day camps

for rising 5th—10th graders

COLLEGE OF ENGINEERING
THE UNIVERSITY OF ALABAMA IN HUNTSVILLE

Changing the world is what engineers do—by solving problems with innovation, creativity, and by applying science and technology.

At UAH, our engineering summer camp programs are designed to introduce students to different fields of engineering with classroom learning, hands-on projects, mentoring activities, tours and much more. Students will have a great time working with UAH faculty, staff, and current students as they explore engineering

Registration

Interested students should register on-line at:

www.uah.edu/eng/summer-camps

- To be considered, students should have a B-average.
- You are not considered to be enrolled in camp until all forms, including recommendation letter, and camp fee is paid
- Limited scholarships are available for those with demonstrated financial need.

Engineering Summer Day Camp Programs

Rising 5th-6th Graders

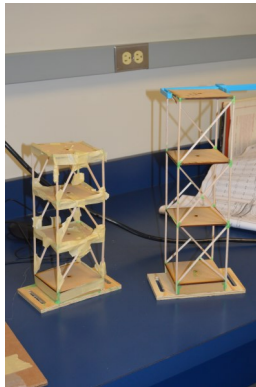

- Half-day program
- Hands-on activities, classroom learning, lab tours

Rising 7th-8th

- Full-day program
- Hands-on activities, classroom learning, lab tours, culminating design project, mentoring opportunities

Rising 9th-10th Graders

- Full-day program
- Hands-on activities, classroom learning, lab tours, culminating design project, mentoring opportunities, college-preparation

Important Notes

- Camp fees cover all costs for the program.
- Half-day students will get a snack every day and full-day students will get snacks and lunch every day.
- Students will receive a T-shirt and other materials to take home.
- Students will be led/monitored by UAH faculty, staff and students. Both male and female camp staff will be present.
