

## GIRLS IN SCIENCE & ENGINEERING

# SUPPORT OPPORTUNITIES

Girls in Science and Engineering Day (GSED), held on the UAH campus is all about STEM discovery and hands-on activities for girls in the 3<sup>rd</sup>-6<sup>th</sup> grade. Girls will participate in a variety of workshops designed to spark their curiosity and excitement about science, engineering, and technology. The participants pay a fee of \$20, but **actual costs approach \$60** per participant and fees are waived for those with demonstrated financial need.

The upcoming GSED event on April 6, 2024 includes two sessions—3<sup>rd</sup> & 4<sup>th</sup> graders in the morning and 5<sup>th</sup> & 6<sup>th</sup> graders in the afternoon. We expect **200 participants** at each session.

Financial donations and donations-in-kind are essential to the success of GSED. 100% of financial donations are used to support programming for the girls.
