

Engineering Summer Camp Policies

We have designed the Engineering Summer Camp Policies to allow for as many participants as we can accommodate to attend and to avoid unused spaces at camp.

Deposit & Camp Payment:

A \$50 non-refundable deposit is required to secure your spot in any UAH Engineering Summer Camp. If no scholarship is granted, the remaining camp payment must be submitted within two (2) weeks of registering for the camp. Failure to make this payment within two weeks will result in the forfeiture of your registration.

Cancellations:

If a participant needs to cancel, a refund will be issued minus the \$50 deposit, provided that written notice is given at least four (4) weeks before the start of camp. Cancellations made less than four (4) weeks before the camp session will not be eligible for a refund. *All cancellations must be made in writing to eng_camps@uah.edu.*

Transfers:

Camp registrations can be transferred to another camp session as long as spots are available in the requested camp session. If no spots are available and notification is received at least four (4) weeks before the originally scheduled camp session, a refund minus the \$50 deposit will be issued.

Scholarships:

A limited number of need-based scholarships are available. You can request a scholarship as part of the application process.

Waitlists:

Once a camp session has filled up, we will start a waitlist for the camp session. We will accept participants off of the waitlist on a first-come, first-served basis and notify participants via email with the link to submit payment. Participants must submit payment within five (5) business days, or forfeit their spot on the waitlist.

For questions regarding these policies, please contact the Camp Staff at eng_camps@uah.edu.
