55th Anniversary
Toolkit and Style Guide
What is UAH’s 55th Anniversary?
The University of Alabama in Huntsville has been addressing some of the world’s most critical technological challenges for 55 years. In 2024, UAH will celebrate our past accomplishments and ignite our passion for the future.

Why is UAH celebrating its anniversary in 2024?
On June 16, 1969, Alabama’s governor announced the establishment of The University of Alabama System, composed of autonomous campuses in Tuscaloosa, Birmingham, and Huntsville. UAH was making an impact as early as 1949 as an extension center. We are celebrating 55 years as Huntsville’s largest university.

When and where should I use the 55th anniversary mark?
From January 1 until the end of 2024, you may use the mark on websites, social media, print materials, merchandising, stationery, email signatures, and PowerPoint presentations.

How should I use the 55th anniversary mark with UAH’s logo?
The 55th anniversary mark should always be used with a UAH logo and should be secondary to the logo.

Unlike the standard UAH logo, the 55th anniversary mark is not intended to incorporate division or department identity. In order to maintain its integrity, please do not alter, distort or adjust the 55th anniversary mark in any way. Units should not develop or use any other anniversary logo, mark, and/or symbol. All downloaded versions of the logo must be scaled proportionately.

The anniversary mark should only be paired with the primary UAH logo.
The preferred mark is the color version, however, two other versions are available for use when the color version is not appropriate. Additional marks that incorporate the UAH brandmark are available for use in small spaces, such as certain promotional items. Please contact omc@uah.edu if you need access to these marks.

Outline versions of the 55th anniversary mark may only be used in black or white.

The importance of clear space around brand elements and throughout all layouts cannot be overstated. The space adds confidence and clarity to the visual messaging. The more space, the better.

**Spacing for the mark**

The mark should be surrounded on all sides by clear space, equal to the width of the number 5. Do not print any elements in this area.

**Minimum size for the mark**

The mark can be reduced to 3/4-inch wide (54 px). In print and other use cases it’s recommended that the size not be reduced below 3/4-inch.

Color is a key factor in brand recognition. Our colors can instantly communicate meaning when associated with our university. They invoke emotions and unify us as a family. The 55th anniversary will use the official university colors of blue, white and black, with yellow used as an accent color.
