

# What to do if you...

- test **POSITIVE** for **COVID-19**.
- are **EXPOSED** to a **POSITIVE COVID-19** case.  
(“close contact” is being within 6 feet for 15 minutes)

UAH is committed to maintaining a safe environment for everyone who is on campus. The university has developed procedures for anyone who has been exposed to a positive COVID-19 case or has been diagnosed with COVID-19. These procedures are based on the CDC recommendation for quarantine and isolation. And because this is a public health concern, UAH is working closely with the Alabama Department of Public Health.

The university is responsible for keeping track of students, faculty and staff who are either in isolation or quarantine.

**If you are notified of an exposure to a positive COVID-19 case or you have a positive COVID-19 lab result, please notify the university as soon as possible.**

- Dean of Students: dos@uah.edu 256-824- 6700
- If you are sick or think you may have COVID-19 call the Student Health center at 256-824-6775, ext 3.
- When you contact the university, we will ask you question’s regarding your exposure and health.
- Then we will discuss isolation and quarantine and any question’s you may have.

\*\*\* The information you share with us will be secure under FERPA.\*\*\*

## QUARANTINE

- means you have been exposed to someone who has tested positive to COVID-19.
- quarantine starts from the date of your last exposure to positive case.
- quarantine lasts 10-14 days, if no symptoms develop.

## ISOLATION

- means you have tested positive for COVID-19.
- isolation starts on the day your symptoms started (or positive test) and lasts at least 10 days.
- you must be fever free for 24 hours (no fever reducers have been taken) and symptoms improving to end isolation.

## What does it mean to be quarantined or isolated with COVID-19?\*

- \*Stay home \*Do not travel \*Do not visit with friends \*Do not visit family
- \*Do not attend any kind of gathering \*Call 211 for resources.
- \*If you live with others, maintain a separate bathroom and living space.
- \*Wear a mask when around others in your household – if you have to leave your room.
- \*Do have food/groceries/medications delivered.
