

UAH Healthcare Provider Screening Form: Patient Information

Dear Faculty & Staff member:

Congratulations on taking steps toward improving or maintaining your health. Charger Fit Employee Wellness is designed to promote health and improve quality of life. The annual program includes a biometric screening. A biometric screening can help to determine the risk level for certain diseases and medical conditions. It consists of a blood draw to test your HDL, LDL, Triglycerides, Glucose, and other biometrics (BP, Height, Weight, BMI, and waist circumference). When you put all these measurements together, you can assess your risk for heart disease, stroke, and diabetes. These illnesses and health conditions can be prevented with early detection, which is why knowing your biometric numbers is so important.

We welcome your participation in the biometric screening at the Faculty & Staff Clinic (FSC) or coordinated with your health care provider. To schedule an appointment at the FSC, employees can schedule an appointment through the online Charger Health Portal or call (256) 824-2100 to schedule an appointment. Screenings completed by the FSC will not require a co-pay and no insurance claim will be filed. The visit should only last approximately 15-30 minutes.

If you are interested in participating in the biometric screening with your health care provider, please complete the following steps:

1. Print this page and the accompanying two pages.
2. Schedule an appointment with your healthcare provider and take a copy of this form to your health care provider – complete Section 1 and having your health care provider complete Section 2.
3. Once the Biometric Screening Form has been completed by your health care provider, please mail or fax the forms to:
