

Mobile Fitbit Tracking

MobileTrack allows you to use the Fitbit app to track your steps without using a Fitbit tracker. [Click here](#) for a list of devices that support the MobileTrack feature.

Do the following to set up a Fitbit account:

1. Download the Fitbit app to your qualifying device.
2. Select “Join Fitbit.”
3. When asked which tracker you’re setting up, choose “No Fitbit Yet?”
4. Follow the mobile track instructions.
5. [Click here](#) to sign up for the UA System Fitbit Program.

Do the following if you already have a Fitbit account:

1. Log into the Fitbit app.
2. Select the account icon.
3. Choose the option for setting up a new device.
4. Follow the MobileTrack instructions.
5. [Click here](#) to sign up for the UA System Fitbit Program.
