Coming Soon: January 1, 2023

Personalized skin care for your skin type
by web or app

You no longer have to wait weeks for an appointment. Simply use your Teladoc account to upload images of your skin condition and one of our U.S. board-certified dermatologists will provide a diagnosis and treatment plan customized for your skin condition.

Please note

Our Dermatology service uses images only. Communication with the dermatologist takes place through the message center.

Here's how it works:

- 1 Upload images of your skin condition with a description
- 2 Get a custom treatment plan in 2 days or less with a prescription if needed
- 3 Ask follow-up questions through the secure message center at no charge for up to seven days.
