

THE UNIVERSITY OF ALABAMA IN HUNTSVILLE

SAFE USE OF HYDROFLUORIC ACID POLICY

Number 07.07.06

Division Office of Environmental Health and Safety

Date July, 2013

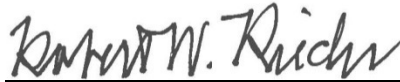

Purpose Hydrofluoric acid (HF) is an extremely dangerous chemical and should be handled with the utmost caution. The purpose of this document is to inform of the dangers of HF and provide guidelines for use and emergency instructions.

Policy [Safe Use of Hydrofluoric Acid Policy](#)

Procedures All hydrofluoric acid exposures are a medical emergency. Immediately contact the campus police at 6911 and arrange for immediate medical transport.

Review The Office of Environmental Health and Safety (OEHS) is responsible for the review of this policy every five years (or whenever circumstances require).

Approval

Chief University Counsel

Vice President for Research and Economic Development
