

## **Faculty Appeals Committee**

Fall 2019 Semester Report  
January 13, 2020

The Faculty Appeals Committee did not meet formally. All communications were handled by phone or email, with the exception of members that were assigned to a screening committee or an appeals hearing committee. Some members of the committee are rarely available to serve on screening or appeals committees, which makes it hard to establish such sub-committees.

Yearly summary: There are two cases currently in the faculty appeals process and one was resolved.
