2021	1191					80% (955)					
2022	1154										

The Cohort includes only first-time full time degree-seeking freshmen. The definition of a first-time freshman is a student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school).

Students are considered to have received federal aid if they received it during the fall term used for determining the cohort. In following years, these students may not have received federal aid.

The Cohort includes only first-time full time degree-seeking freshmen. The definition of a first-time freshman is a student: (1) attending any postsecondary institution for the first time in the fall term; OR (2) enrolling in the fall term who attended any postsecondary institution for the first time in the prior summer term immediately following high school graduation; OR (3) entering with college credit earned before graduation from high school.

Students are considered to have received federal aid if they received it during the fall term used for determining the cohort. In following years, these students may not have received federal aid.

The Cohort includes only first-time full time degree-seeking freshmen. The definition of a first-time freshman is a student: (1) attending any postsecondary institution for the first time in the fall term; OR (2) enrolling in the fall term who attended any postsecondary institution for the first time in the prior summer term immediately following high school graduation; OR (3) entering with college credit earned before graduation from high school.

Graduated/Still Enrolled by Federal Aid Category

Pell Grant Recipients
