

Charger Status

VS.

myUAH

- **Charger Status** is designed to help you navigate the UAH admissions process. You created this account when you registered for a campus event or when you applied for admission. Through your Charger Status account the Office of Admissions has been able to communicate information to you regarding your application status, upcoming events, and other announcements.
- **Username:** Your personal email address
- Password:** Password of your choice
- Use your Charger Status account to register for Orientation, Admitted Student Day, or any other campus event before your first semester at UAH.

- **myUAH** is UAH's secure web portal which allows students to access campus information, news, and announcements. myUAH will serve as your official account as a current UAH student.
- **Username:** Your Charger ID (provided in your acceptance packet)
Example: AB1234@uah.edu
- Password:** Reset by student after first log-in (Forgot your password? Go to reset.uah.edu and enter your A#, last name, and date of birth)
- Use myUAH to accept or decline financial aid. Eventually you will use myUAH to register for classes, view grades, and pay your bill.
