PICK THREE SESSION DESCRIPTIONS

Co-ops and Internships
Want to gain real-world experience outside of the classroom? Learn from Career Services about the benefits of Co-Ops and Internships, the awesome places our students are working, and how you can have the opportunity to take part in these programs.

Housing and Residence Life
Learn about the benefits of our suite-style living! This session also covers our living requirement, deadlines for applying, how to get matched up with a roommate, and what to bring with you to campus.

Pre-Professional Programs
The Office of Pre-Professional Advising offers guidance for students interested in professional health and law careers. Even if you are just starting to consider a professional career, come and learn how Pre-Professional Advising can help with your future planning.

Research Opportunities
Research opportunities at UAH are not just available to upperclassmen! Hear about our many research centers and the amazing work UAH students are doing, which provides them with real-world, hands-on experience.

Student Involvement
Discover all of the exciting ways to get involved at UAH! Student Life representatives will fill you in on our 200+ student organizations, how you can join, and why it is important to get involved from your first day on campus.

The Honors College
Hear from Honors College representatives about the benefits of joining the UAH Honors College, along with requirements and deadlines. You'll also meet current students and hear what they enjoy most about being an Honors student at UAH.

Transferring to UAH
Are you currently a student at another college and interested in transferring to UAH? Hear the information you need to know to make your transition a smooth one, including how and when to apply and how your credits will transfer.

Campus Spotlight!
You are visiting UAH during Homecoming/Family Weekend, the tradition of UAH students, alumni, family members, and campus partners coming together to celebrate Charger Spirit! A few exciting activities that we invite you to enjoy include:

- **Weather Balloon Launch with the Space Hardware Club** - 1:15 p.m., Charger Union Lawn
- **Charger Carnival: Food trucks, photo booth, inflatables, pictures with Charger Blue, and more!** - 12:00 p.m.-3:00 p.m., Charger Union Lawn
- **UAH Charger Hockey vs. Lake Superior State** - 7:00 p.m., VBC Propst Arena (Complimentary tickets are available for Discovery Day visitors at the Help Desk in the Charger Union.)

To see a full list of activities, please visit [uah.edu/homecoming](http://uah.edu/homecoming).
ACADEMIC SESSION DESCRIPTIONS

Arts, Humanities, and Social Sciences
The College of Arts, Humanities, and Social Sciences offers numerous programs that contribute to the intellectual development of students and prepare them for successful careers by emphasizing written and oral communication skills, critical analysis, and problem solving abilities. Join the AHSS faculty and staff in the Wilson Hall Gallery to see displays and gather information about the numerous programs that UAH offers. Computer lab tours will be available for students interested in the arts.

Business
Success and leadership in this modern economy require a quality business education that develops the ability to discern, analyze, and secure valuable information, a commitment to learning and adapting to new environments, and an entrepreneurial spirit. Students interested in the College of Business are welcome to join the faculty, staff, and current students in the Business Administration Building for a welcome from the Dean, interaction with the Executive Advisory Board, and an interactive game with Department Chair of Accounting and Finance, Dr. Allen Wilhite.

Education
The College of Education includes two academic departments: the Department of Curriculum and Instruction and the Department of Kinesiology. The Department of Curriculum and Instruction focuses on collaborative elementary, English Speakers of Other Languages, and secondary education preparation while the Department of Kinesiology focuses on exercise science and preparing physical education teachers. Students who are interested in the College of Education are invited to attend an informational session taking place at 1:30 p.m. and 2:15 p.m. Each of these sessions will provide a college overview and additional information about each department.

Engineering
Should you choose to become an Engineering major at UAH, you’ll have the opportunity to pursue a challenging curriculum enhanced by hands-on experience through laboratory research, internships, and co-op positions. Join our College of Engineering staff at 1:30 p.m. for an informative presentation on the different areas of Engineering that are available at UAH. A browsing fair will be available from 1:30-3:00 p.m. for students and their families to gather information about student organizations, learn more about specific academic programs, and speak with our current UAH Engineering students, faculty, and staff.

Nursing
The College of Nursing is dedicated to educating and inspiring students to become nurse leaders who act with integrity, discover through scientific methods, and advocate for the best health care experiences for people and communities. Join the College of Nursing as they provide in-depth tours of the Learning and Technology Resource Center (LTRC), a nearly 11,000 square foot space that houses a 16 bed hospital lab, assessment rooms, clinical examination rooms, an IV practice room, and more! Students will have the opportunity to interact with telehealth robots and simulators and assess a disaster simulation. Faculty and staff members will be on hand to answer any questions.

Exploratory Studies
The Exploratory Studies major at UAH is here to assist you with identifying your strengths, attributes, interests, and academic goals so that you can ultimately make a confident, well-informed decision on a major. Two activities will be available for students interested in pursuing an Exploratory major:

- Procrastination vs. Purposeful Delay; Wilson Hall, Room 209 - Led by Dr. Morphew, this activity will focus on positive study strategies.
- Choosing a Major that Fits; Wilson Hall, Room 215 - Hear from the Exploratory advising staff on the different opportunities that are available to students to determine the major that will be the best fit for them.

Science
The UAH College of Science offers advanced, cutting-edge research and first-rate degree programs thanks to distinguished faculty and state-of-the-art facilities. Visit with the College of Science in the Optics Building where current students, advisors, and representatives from all the different departments will be represented. Students will have the opportunity to explore a Physics lab as well!
