Undecided students should choose the area closest to your academic interest.

Throughout a student’s time at UAH, there will be a number of personal and academic scenarios that present themselves. This collaborative and engaging session helps students and parents/guests analyze these situations to achieve the best possible outcomes.

During this time parents/guests will enjoy dinner with representatives from the UAH faculty.

Parents/guests are invited to enjoy breakfast in the Charger Café. Keep in mind students will be eating with their OLs and other students during this time.

 Doing well in the classroom is only half of what it takes to become successful after graduation. This session focuses on how UAH will help students gain professional experience from internships, co-ops, and field training.

This recap session will include important items to keep in mind as students prepare for their upcoming semester at UAH.

Parents/guests will have the opportunity to ask UAH representatives their own questions! Discussions may include topics such as housing, safety on campus, food service, and much more!
