

## **The Robert E. James Psychology Scholarship**

The Robert E. James Psychology Scholarship is awarded to a Psychology major who has completed a minimum of six credit hours of introductory Psychology classes (or is enrolled in their second class). The award is based on academic merit, citizenship, and leadership.

The scholarship was established to help outstanding students pursue a college education. The award was established in 2000 upon Dr. James' retirement as an associate professor of Psychology, and honors his many years of distinguished service and leadership to the university community.

This scholarship is a one-year award and is not renewable. The student must maintain a full-time course load (12 credit hours) and have a cumulative GPA of 3.0 or higher. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
