

## **Matthew T. Jansen Memorial Annual Scholarship**

**The Matthew T. Jansen Memorial Annual Scholarship** Matthew Jansen was a former all-region, all-conference and academic All-American as a pitcher for the UAH Charger Baseball team from 1999 - 2002. He had an outstanding career at UAH and went on to marry his college sweetheart, former UAH volleyball player Whitney Mock Jansen. The Jansen's had recently become parents before Matthew Jansen tragically lost his life in a hunting accident.

Matthew's family and friends wanted a way to memorialize his life and accomplishments so they chose to create a scholarship. The Matthew T. Jansen Memorial Scholarship will reward a College of Engineering student who excels academically, is a participating member of the UAH Charger Baseball team, and demonstrates financial need. A student who is a resident of Alabama and shows leadership potential is preferred.
