

The Boeing Business Annual Scholarship

The Boeing Business Annual Scholarship is awarded to a deserving student that has demonstrated academic success. Recipients of this award must have authorization to work in the United States on a full-time basis for other than training purposes (student/temporary visas do not qualify). Boeing Scholars must have strong interest in The Boeing Company and in meeting the qualities and attributes of a Boeing employee, and are encouraged to apply for Boeing summer internships if positions are available.

The Boeing Company has established a partnership with the University of Alabama in Huntsville to sponsor several annual student scholarships, with the intention of contributing to the preparation of our future workforce with the necessary technical competencies and capabilities to succeed. Boeing also values diversity in all forms, and encourages scholarships that help students achieve their educational goals by financially assisting and retaining women and other historically underrepresented groups.

This scholarship is for one year only; however, recipients are strongly encouraged to re-apply to be eligible for possible renewal for additional years of scholarship award. The student must maintain a full-time course load (12 credit hours) each semester. In addition, recipients must complete a total of 24 credit hours each academic year, have a cumulative GPA of 3.0 or higher, and **must submit a scholarship application by the priority deadline** to be eligible for possible renewal.
