

The Miranda Bouldin Annual Scholarship

The Miranda Bouldin Annual Scholarship was established in 2014 by Miranda Bouldin in order to benefit students pursuing education in the fields of Science, Technology, Engineering, and Math. Ms. Bouldin is President/CEO of LogiCore Corporation. LogiCore provides Logistics and Engineering technical services to Department of Defense organizations. The scholarship is based on academic merit, Alabama residency, demonstrated financial need, and is awarded to incoming full-time freshman students. The scholarship is intended to encourage the selected students to maintain a 3.0 GPA. Potential for success in college will be considered in the selection process.

This scholarship is a one-year award and is not renewable. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
