

## **The Cornelius Shih Memorial Graduate Student Fund**

The Cornelius Shih Memorial Graduate Student Fund is awarded to academically exceptional graduate students enrolled in the Mechanical and Aerospace Engineering Department of the College of Engineering.

The Cornelius Shih Memorial Graduate Student Fund was established in the year 2010 to honor the life of Dr. Cornelius Chung-Sheng Shih and to benefit the students of the University of Alabama in Huntsville. Dr. Shih was born in Taiwan, graduated from National Taiwan University in 1954, and immigrated to the United States in 1955. In 1957, Dr. Shih earned his Masters Degree in Engineering and later a PhD in Engineering from Michigan State. He began his career at UAH as the head of the Fluid Dynamics Laboratory and Professor of Engineering Mechanics and later became the Chair of the Fluid and Thermal Engineering Department.

The Cornelius Shih Memorial Graduate scholarship is renewable for up to four additional years. Recipients must maintain a full-time course load (9 credit hours) each semester, complete a total of 24 credit hours each academic year, and have a cumulative GPA of 3.0 or higher to be eligible for renewal. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.\*
