

## **The Dr. Bernhard F. Kieffer Memorial Scholarship**

The Dr. Bernhard F. Kieffer Memorial Scholarship is awarded to a student enrolled in the College of Engineering with a major in Materials Engineering. The award is based on academic merit, citizenship, and leadership.

In 1997 Allegheny Teledyne Inc. established the Dr. Bernhard F. Kieffer Scholarship in memory of Dr. Kieffer. He served as president of Teledyne Advanced Materials, headquartered in Huntsville. The scholarship provides support for promising engineers and thus sustains the combination of creativity, leadership, and community service to which Dr. Kieffer dedicated his life.

This scholarship is renewable for up to three additional years. The student must maintain a full-time course load (12 credit hours) each semester. In addition, recipients must complete a total of 24 credit hours each academic year and have a cumulative GPA of 3.0 or higher to be eligible for renewal. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
