

The Dr. Wernher von Braun Scholarship

The Dr. Wernher von Braun Scholarship is awarded to a deserving student who has demonstrated a dedicated desire to apply his or her talents in the field of rocketry or astronautics. Recipients must be at junior or senior level, majoring in a space-related field and planning to pursue a career in a space-related field, and have demonstrated academic merit and leadership.

The Dr. Wernher von Braun Scholarship was established in 1988 for the dual purpose of memorializing Dr. von Braun and acknowledging the efforts of the National Space Club.

This scholarship is a one-year award and is not renewable. The student must maintain a full-time course load (12 credit hours) and have a cumulative GPA of 3.0 or higher. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
