

## **The Erich W. Neubert Memorial Scholarship**

The Erich W. Neubert Memorial Scholarship is awarded to a student majoring in Electrical Engineering or Mechanical Engineering.

The Erich W. Neubert Memorial Scholarship was established in 2000 by Margot Neubert, in recognition of her husband's contributions to space exploration. He arrived in Huntsville as a member of the U.S.-German rocket team led by Dr. Wernher von Braun. The endowment reaffirms the values of Erich Neubert, who dedicated his career to using technology to advance the frontiers of knowledge for the benefit of mankind.

This scholarship is renewable for up to three additional years. The student must maintain a full-time course load (12 credit hours) each semester. In addition, recipients must complete a total of 24 credit hours each academic year and have a cumulative GPA of 3.0 or higher to be eligible for renewal. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
