

The Glen May Memorial Scholarship

The Glen May Memorial Scholarship is awarded to graduate or undergraduate junior or senior students enrolled in the College of Engineering with a preference to those who are pursuing a major in Mechanical Engineering.

The Glen May Scholarship was established in 2007 in support of the College of Engineering and in honor of the memory of the late Glen May.

This scholarship is renewable for up to one additional year. Recipients must maintain a full-time course load (12 hours) each semester, complete a total of 24 credit hours each academic year, and have a cumulative GPA of 3.0 or higher to be eligible for renewal. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
