

The Reggie F. Gilland Memorial Scholarship

The Reggie F. Gilland Memorial Scholarship is awarded to a junior-level Electrical Engineering major who has demonstrated academic achievement and accomplishment.

The scholarship was established by Reginald and Hazel Gilland in 1993 in memory of their beloved son. His parents established this scholarship as a lasting tribute to the many accomplishments that Reggie attained, and to help outstanding students reach their fullest potential.

This scholarship is renewable for up to three additional years. The student must maintain a full-time course load (12 credit hours) each semester. In addition, recipients must complete a total of 24 credit hours each academic year, have a cumulative GPA of 3.0 or higher, and must submit a scholarship application by the priority deadline each year to be eligible for renewal of this award.
