

The DESE Research, Inc. Scholarship

The DESE Research, Inc. Scholarship is given to an undergraduate student pursuing a degree in Engineering, Computer Science, Physics, or Administrative Science, with preference to children of current employees of DESE Research, Inc. and those who demonstrate financial need.

The scholarship was established in 2005 by DESE Research, Inc., an Alabama corporation, to benefit students at the University of Alabama in Huntsville. DESE Research, Inc. is a knowledge-based organization conducting theoretical and analytical research in the fields of Defense, Energy, Space, and Environment (DESE). The corporate strategy is to define and exploit the synergism of innovative technologies between two or more of these areas.

This scholarship is renewable for up to three additional years. The student must maintain a full-time course load (12 credit hours) each semester. In addition, recipients must complete a total of 24 credit hours each academic year and have a cumulative GPA of 3.0 or higher to be eligible for renewal. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
