

## **Dr. Adriel D. Johnson Memorial Scholarship**

**The Dr. Adriel D. Johnson Memorial Scholarship** was established in loving memory of the late Dr. Adriel D. Johnson, Associate Biology Professor in the College of Science at The University of Alabama in Huntsville. Dr. Johnson inspired students to seek science as a career, and encouraged them to excel in engineering and math. The scholarship is intended to support undergraduate students attending the University of Alabama in Huntsville, with preference to those who are academically strong and are pursuing a degree in Biology.

This scholarship is renewable for up to three additional years. Recipients must maintain a full-time course load (12 hours) each semester, complete a total of 24 credit hours each academic year, and have a cumulative GPA of 3.0 or higher to be eligible for renewal. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
