

## **The Gerhard B. Heller Memorial Scholarship**

The Gerhard B. Heller Memorial Scholarship is awarded to a full-time junior or senior student who is majoring in Physics or Chemistry and is based on academic merit.

Established in 1972, this scholarship is named in loving memory of Gerhard Heller who was a member of the U.S.-German rocket team led by Dr. Wernher von Braun. The scholarship was established by his family, colleagues, and friends.

This scholarship is a one-year award and is not renewable. The student must maintain a full-time course load (12 credit hours) and have a cumulative GPA of 3.0 or higher. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
