

The Harry F. Hillman III Scholarship

The Harry F. Hillman III Scholarship is awarded to an undergraduate student majoring in Physics. The award is based on academic achievement and community service activities.

The scholarship was established in loving memory of Dr. Harry F. Hillman, a faculty member at the University of Arizona and the father of the late UAH faculty member, Dr. Lloyd Hillman.

This scholarship is a one-year award and is not renewable. The student must maintain a full-time course load (12 credit hours) and have a cumulative GPA of 3.0 or higher. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
